

A still life painting by Stanley Cesar. In the center, a dark, bulbous vase with a flared base holds several large, vibrant red flowers with dark green leaves. The vase sits on a dark wooden table. To the left of the vase, a small, clear glass filled with water sits on a light-colored, circular placemat. To the right of the vase, an open book with white pages lies flat on the table. In the background, a wooden chair with vertical slats is partially visible. The overall style is impressionistic, with visible brushstrokes and a warm, slightly muted color palette. The lighting is soft, coming from the left, casting gentle shadows.

Heller,2019-12-31 The first time she made a pizza from scratch art historian Nancy Heller made the observation that led her to write this entertaining guide to contemporary art Comparing modern art not only to pizzas but also to traditional and children's art Heller shows us how we can refine analytical tools we already possess to understand and enjoy even the most unfamiliar paintings and sculptures How is a painting like a pizza Both depend on visual balance for much of their overall appeal and though both can be judged by a set of established standards pizzas and paintings must ultimately be evaluated in terms of individual taste By using such commonsense examples and making unexpected connections this book helps even the most skeptical viewers feel comfortable around contemporary art and see aspects of it they would otherwise miss Heller discusses how nontraditional works of art are made and thus how to talk about their composition and formal elements She also considers why such art is made and what it means At the same time Heller reassures those of us who have felt uncomfortable around avant garde art that we don't have to like all or even any of it Yet if we can relax we can use the aesthetic awareness developed in everyday life to analyze almost any painting sculpture or installation Heller also gives concise answers to the eight questions she is most frequently asked about contemporary art from how to tell when an abstract painting is right side up to which works of art belong in a museum This book is for anyone who agrees with art critic Clement Greenberg that All profoundly original art looks ugly at first It's also for anyone who disagrees It is for anyone who wants to get more out of a museum or gallery visit and would like to be able to say something more than just yes or no when asked if they like an artist's work **The Other Side** Jennifer Higgie,2024-01-02 The first major work of art history to focus on women artists and their engagement with the spirit world by the author of *The Mirror and the Palette* It's not so long ago that a woman's expressed interest in other realms would have ruined her reputation or even killed her And yet spiritualism in various incarnations has influenced numerous men including lauded modernist artists such as Wassily Kandinsky Piet Mondrian Kazimir Malevich and Paul Klee without repercussion The fact that so many radical female artists of their generation and earlier also drank deeply from the same spiritual well has been sorely neglected for too long In *The Other Side* we explore the lives and work of a group of extraordinary women from the twelfth century mystic composer and artist Hildegard of Bingen to the nineteenth century English spiritualist Georgiana Houghton whose paintings swirl like a cosmic Jackson Pollock the early twentieth century Swedish artist Hilma af Klint who painted with the help of her spirit guides and

whose recent exhibition at New York's Guggenheim broke all attendance records to the Desert Transcendentalist Agnes Pelton who painted her visions beneath the vast skies of California We also learn about the Swiss healer Emma Kunz who used geometric drawings to treat her patients and the British surrealist and occultist Ithell Colquhoun whose estate of more than 5 000 works recently entered the Tate gallery collection While the individual work of these artists is unique the women loosely shared the same goal to communicate with and learn from other dimensions Weaving in and out of these myriad lives while sharing her own memories of otherworldly experiences Jennifer Higgie discusses the solace of ritual the gender exclusions of art history the contemporary relevance of myth the boom in alternative ways of understanding the world and the impact of spiritualism on feminism and contemporary art A radical reappraisal of a marginalized group of artists *The Other Side* is an intoxicating blend of memoir biography and art history *Anchor to Windward* Eliot Bartlett, 1989
