*Islam, Fundamentalism, and the Betrayal of Tradition, Revised and Expanded* Joseph E.B. Lombard, 2009-08-16 This fully revised edition of the critically acclaimed book contains a series of essays that explain the misconceptions that lie at the heart of Western attitudes towards Islam Including a new essay on the role of women in Islam an updated chapter containing insights into the concept of Jihad and three fully revised chapters that bring the discussion up to date with the current global situation this book is a must read for anyone interested in Islam and its relation to the West **Twice Betrayed Wes Bundy**, 2015-12-02 Kathryn Northcott is the only child of one of America's most wealthy families She is kidnapped at age six and rescued three days later Her family obsessed with her security since that time encloses her life into a cocoon of excessive protection As she matures she becomes stunningly beautiful and stately She enjoys the trappings of the ultra rich world travel the finest clothes a tutored education but she is so cloistered and sheltered that not only is she a sexual virgin but a social virgin as well who has never been touched by real world experiences Kathryn suffers the loss of both her parents only weeks apart The discovery of her mother's journals and adulterous behavior calls into question the legitimacy of her birth The quest to find the answer reveals a myriad of surprises and shocking truths Harpers Weekly John Bonner, George William Curtis, Henry Mills Alden, Samuel Stillman Conant, Montgomery Schuyler, John Foord, Richard Harding Davis, Carl Schurz, Henry Loomis Nelson, John Kendrick Bangs, George Brinton McClellan Harvey, Norman Hapgood, 1871 **President**

**Lyndon Johnson and Soviet Communism** John Dumbrell, 2024-06-04 This major new study fills a significant gap in the academic literature on the Cold War by considering President Lyndon Johnson's policy towards the Soviet Union The author examines the attitudes of Johnson and his leading advisers toward the Soviet leadership taking into account the effects of Moscow's growing splits with Beijing the impact on US Soviet relations of nuclear issues the Vietnam War and clashes over Cuba the Middle East and Eastern Europe The author's research is based on detailed scrutiny of archives in Britain and the United States as well as recently published document collections His study also examines the President's personal leadership qualities his mistakes in Vietnam and his success as a peacemaker with Moscow The book constitutes a major contribution to literature on President Johnson's foreign policy beyond Vietnam The book will be of interest to students of the Cold War the Johnson Presidency and of US foreign relations **Spies** Calder Walton, 2023-06-06 The riveting secret story of the hundred year intelligence war between Russia and the West with lessons for our new superpower conflict with China Spies is the history of the secret war that Russia and the West have been waging for a century Espionage sabotage and subversion were the Kremlin's means to equalize the imbalance of resources between the East and West before during and after the Cold War There was nothing unprecedented about Russian meddling in the 2016 US presidential election It was simply business as usual new means used for old ends The Cold War started long before 1945 But the West fought back after World War II mounting its own shadow war using disinformation vast intelligence networks and new technologies against the Soviet Union

Spies is an inspiring engrossing story of the best and worst of mankind bravery and honor treachery and betrayal The narrative shifts across continents and decades from the freezing streets of St Petersburg in 1917 to the bloody beaches of Normandy from coups in faraway lands to present day Moscow where troll farms synthetic bots and weaponized cyber attacks being launched on the woefully unprepared West It is about the rise and fall of eastern superpowers Russia s past and present and the global ascendance of China Mining hitherto secret archives in multiple languages Calder Walton shows that the Cold War started earlier than commonly assumed that it continued even after the Soviet Union s collapse in 1991 and that Britain and America s clandestine struggle with the Soviet government provides key lessons for countering China today This fresh reading of history combined with practical takeaways for our current great power struggles make Spies a unique and essential addition to the history of the Cold War and the unrolling conflict between the United States and China that will dominate the 21st century Videohound's Golden Movie Retriever, 1995 Gale Group,Gale Research
