The Twilight Saga Collection Stephenie Meyer, 2009-10-27 This stunning set complete with all four books makes the perfect gift for fans of the bestselling vampire love story Deeply romantic and extraordinarily suspenseful Twilight New Moon Eclipse and Breaking Dawn capture the struggle between defying our instincts and satisfying our desires Abstinence Cinema Casey Ryan Kelly, 2016-03-08 From the perspective of cultural conservatives Hollywood movies are cesspools of vice exposing impressionable viewers to pernicious sexually permissive messages Offering a groundbreaking study of Hollywood films produced since 2000 Abstinence Cinema comes to a very different conclusion finding echoes of the evangelical movement s abstinence only rhetoric in everything from Easy A to Taken Casey Ryan Kelly tracks the surprising sex negative turn that Hollywood films have taken associating premarital sex with shame and degradation while romanticizing traditional nuclear families courtship rituals and gender roles As he demonstrates these movies are particularly disempowering for young women concocting plots in which the decision to refrain from sex until marriage is the young woman s primary source of agency and arbiter of moral worth Locating these regressive sexual politics not only in expected sites like the Twilight films but surprising ones like the raunchy comedies of Judd Apatow Kelly makes a compelling case that Hollywood films have

taken a significant step backward in recent years Abstinence Cinema offers close readings of movies from a wide spectrum of genres and it puts these films into conversation with rhetoric that has emerged in other arenas of American culture Challenging assumptions that we are living in a more liberated era the book sounds a warning bell about the powerful cultural forces that seek to demonize sexuality and curtail female sexual agency **The Twilight Saga Complete**

Lindgren Leavenworth, Malin Isaksson, 2013-07-25 Twilight True Blood and The Vampire Diaries have sparked intense fan activity and generated a large quantity of fan fiction stories which test the limits of an already existing fictional work and explore gaps and discrepancies within it Working from the idea that texts constitute archives expanded and altered by each addition close readings of a selection of fanfics illustrate particular transformative practices in the online environment The central figure of the vampire is read through the lens of fanfic authors contributions to the archives particularly regarding how figuratively or literally refanged versions of the trope are used to subvert norms established in the source texts concerning depictions of sexuality sexual practices and monstrosity Complex relationships between authorial power and subversion between mainstream messages and individual interpretations are examined through fanfic analyses the findings contributing to discussions about contemporary literary creativity **Fables of the Law** Daniela Carpi, Marett

Leiboff, 2016-10-24 The latest development concerning the metaphorical use of the fairy tale is the legal perspective The law had and has recourse to fairy tales in order to speak of the *nomos* and its subversion of the politically correct and of the various means that have been used to enforce the law Fairy tales are a fundamental tool to examine legal procedures and structures in their many failings and errors Therefore we have privileged the term fables of the law just to stress the ethical perspective they are moral parables that often speak of justice miscarried and justice sought Law and jurists are creators of fables on the view that law is born out of the facts *ex facto ius oritur* so that there is a need for narrative coherence both on the level of the case and the level of legislation or turned the other way around what does it mean if no such coherence is found This is especially of interest given the influx of all kinds of new technologies that are fabulous in themselves and hard to incorporate in traditional doctrinal schemes and thus in the construction of a new reality **Cultural Legal Studies**

Cassandra Sharp, Marett Leiboff, 2015-07-24 What can law's popular cultures do for law as a constitutive and interrogative critical practice This collection explores such a question through the lens of the cultural legal studies movement which proffers a new encounter with the cultural turn in law and legal theory Moving beyond the law and literature humanities

culture film visual and aesthetics on which it is based this book demonstrates how the techniques and practices of cultural legal studies can be used to metamorphose law and the legalities that underpin its popular imaginary By drawing on three different modes of cultural legal studies storytelling technology and jurisprudence the collection showcases the intersectional practices of cultural legal studies and law in its popular cultural mode The contributors to the collection deploy differentiated modes of cultural legal studies practice adopting diverse philosophical disciplinary methodological and theoretical approaches and subjects of examination The collection draws on this mix of diversity and homogeneity to thread together its overarching theme that we must take seriously an interrogation of law as culture and in its cultural form That is it does not ask how a text represents law but rather how the representational nature of both law and culture intersect so that the juridical become visible in various cultural manifestations In short it asks how law s popular cultures actively effect the metamorphosis of law
