Catalogue of Books in the Children's Department of the Carnegie Library of Pittsburgh Carnegie Library of Pittsburgh, 1909 *The Chinese Dreamscape, 300 BCE - 800 CE* Robert Ford Campany, 2022-03-07 Dreaming is a near universal human experience but there is no consensus on why we dream or what dreams should be taken to mean In this book Robert Ford Campany investigates what people in late classical and early medieval China thought of dreams He maps a common dreamscape an array of ideas about what dreams are and what responses they should provoke that underlies texts of diverse persuasions and genres over several centuries These writings include manuals of dream interpretation scriptural instructions essays treatises poems recovered manuscripts histories and anecdotes of successful dream based predictions In these many sources we find culturally distinctive answers to questions peoples the world over have asked for millennia What happens when we dream Do dreams foretell future events If so how might their imagistic code be unlocked to yield predictions Could dreams enable direct communication between the living and the dead or between

humans and nonhuman animals The Chinese Dreamscape 300 BCE 800 CE sheds light on how people in a distant age negotiated these mysteries and brings Chinese notions of dreaming into conversation with studies of dreams in other cultures ancient and contemporary Taking stock of how Chinese people wrestled with and celebrated the strangeness of dreams Company asks us to reflect on how we might reconsider our own notions of dreaming *I Lifted My Eyes and Saw* Elizabeth R. Hayes, Lena-Sofia Tiemeyer, 2014-07-31 This volume addresses the function and impact of vision and dream accounts in the Hebrew Bible The contributors explore the exegetical rhetorical and structural aspects of the vision and dream accounts in the Hebrew Bible focusing on prophetic vision reports Several contributors employ a diachronic approach as they explore the textual relationship between the vision reports and the oracular material Others focus on the rhetorical aspects of the vision reports in their final form and discuss why vision reporting may be used to convey a message Another approach employed looks at reception history and investigates how this type of text has been understood by past exegetes A few chapters consider the inter textual relationship of the various vision reports in the Hebrew Bible focusing on shared themes and motifs There are also papers that deal with the ways in which select texts in the Hebrew Bible portray dream vision interpreters and their activities
