Plant Souls Speak Robert Shapiro, 2011-08-01 Plant Energies Available to You Live Plant 100% Dead Plant 10% What we intend to speak about in this book if I may speak in general for all plants is how you as the human species can interact with plants in a more benevolent way For a long time you have been clear about the medicinal uses of leaves and stems and seeds and flower petals and so on but you are only getting about one tenth of the energy available to you in this way It is always better to interact with the plant and its energies in its live form but you need to know how The intention of this book is to reveal that formula so that you can stop searching for magical cures to diseases by exhausting the supply of life forms around you A much simpler process is available This book will not just comment on things you know about but show you what you are missing in your interaction with plants Dandelion In this book the plant world will speak through elders This has certain advantages allowing them to include knowledge and wisdom about their home planets In this way you will learn some of the old wisdom again shared so that you can discover how to interact with the plants while they are alive while they are a portion

of the Creator of All Things With this you will learn the beginnings the reminders and for many of you the fulfillment of the transformation of that which does not work in your body in your life in your community and in your world the transformation of what you call dis ease or disharmony into harmony and ease Zoosh Isis and Grandfather Each plant brings a wondrous gift to share with humanity enjoy it *Shining the Light VII* Robert Shapiro,2005-01-01 Shapiro presents his latest work in the Shining the Light series that focuses on the first alignment and what people can do to bring light and benevolence to all of humanity **The Explorer Race and Isis** Robert Shapiro,1999-03-01 This is an amazing book It has priestess training Shamanic training Isis adventures with Explorer Race beings before Earth and on Earth and an incredibly expanded explanation of the dynamics of the Explorer Race Isis is the prototypical loving nurturing guiding feminine being the focus of feminine energy She has the ability to expand limited thinking without making people with limited beliefs feel uncomfortable She is a fantastic storyteller and all of her stories are teaching stories If you care about who you are why you are here where you are going and what life is all about pick up this book You won t lay it down until the last page has been turned and even then you will want more Solutions for a Small Planet Pepper Lewis,2010-06-01 A fascinating exploration of one hundred forms of crystals describing specific uses and their purpose from the spiritual to the cellular as agents of change It clarifies the role of crystals in our awakening Crystals are ensouled Those souls of the mineral kingdom want to work with you and Earth to help you reach your full potential now as evolution accelerates Each crystal makes its own unique contribution as a teacher From the regal amethyst and friendly boji stone to the multitalented quartz and powerful emerald the mineral world can open doors to experiences that change your life Crystals are masters of using light They can help you get in touch with your roots in the Earth as well as your higher self and other spiritual beings Learn to work with crystals This book contains newly channeled information to teach you how to become partners with your mineral guides They can show you how to use light for healing enlightenment and transformation to create a better life
