Truths Erich von Däniken, 2018-01-18 Impossible Truths showcases the classic provocative von Däniken theories for a new generation For more than four decades Erich von Däniken has been elaborating his astounding thesis that the inhabitants of other planets have kept in contact with humanity since the earliest times and that they are still communicating with us today In this book he presents new eyewitness proof of extraterrestrial activity as well as evidence from expert informants that has remained secret until now He also highlights the findings of new research that he has been able to undertake as previously inaccessible areas have opened up such as the jungle city of Buritaca 200 Ciudad Perdida in Colombia It was once thought that only the ancient Nazca people of Peru scraped gigantic images in the ground Now thanks to Erich von Däniken we know that this is a phenomenon seen all over the world from Jordan and Saudi Arabia to Chile and Mexico immense circles and wheels mile wide images that look like dragons or supernatural beings with rays extending from their heads When will people finally grasp the global basis of the Nazca phenomenon asks von Däniken He believes these ancient geoglyphs were created as messages to the gods to signal to the extraterrestrial beings that people had seen with their own eyes moving about the sky More than 150 full colour photographs substantiate von Däniken's theories and let the reader assess for themselves the stunning visual evidence These spectacular findings will teach us how to be truly amazed again *UFOs and Aliens: Shocking Secrets, Amazing Encounters and Complete Cover-Ups*

The Secret UFO Contacts of Paul Villa Timothy Green Beckley, Tim R Swartz, Sean Casteel, 2020-03-03

SHOCKING FULL COLOR PHOTO ALBUM OF OVER 100 PAGES. SOME UFOLOGISTS BELIEVE THESE PICTURES TO BE MORE AUTHENTIC THAN THOSE OF BILLY MEIER. HERE IS SHOCKING PICTORIAL EVIDENCE OF UFOS ON EARTH AND ONGOING ENCOUNTERS WITH ET'S AS EXPERIENCED BY A HUMBLE MAN FROM RURAL NEW MEXICO. The UFO photos of one Paul Villa are in a category all of their own. They show solid hardware of what can only be alien craft originating from outside Earth's atmosphere. For a period of several years, Paul Villa remained a rather mysterious figure, claiming contact with advanced beings from other worlds. What placed him in a category almost all by himself is the fact that he was able to produce just about on command photographs of real world solid vehicles, not supernatural manifestations which hovered and darted about near his desert mobile home. According to Villa, he would receive a telepathic message that his otherworldly friends were in the neighborhood and he should go outdoors. There in the sky would be silvery discs complete with windows looking like nothing manufactured on Earth. The ships Villa saw and photographed ranged in size from just a few feet across to well over 30 feet in diameter. WERE THEY FAKED? WAS HE SILENCED? As might be expected, the UFO skeptics began to attack Villa's photographic evidence. They claimed that his photos, over 50 of them, were faked, offering as proof supposed computer enhancements which are open to various interpretations. After a while, Villa became silent. There were rumors that he had been threatened and that his house had been burned to the ground. The late Lt Col Wendelle Stevens, who possessed the world's largest UFO photo collection, was impressed enough to want to meet Villa and bring his story to the world. Stevens looked high and low for the photographer and after a lengthy search found him hiding out. Stevens got this amazing gentleman to open up completely and tell his story for the first time. The result is one of the few books with color photos of alien spacecraft ever presented to our world as proof of the existence of another race of beings who live among the stars but visit us on a regular basis. The photos in this book are simply astonishing, showing a UFO hovering over Villa's home as well as over his farm equipment, hovering above his work truck and just hanging out in the neighborhood. For the first time, we can see two or three different types of UFOs in photos which add to the weight of evidence that the shots have not been staged. We see spinning tops standing by the larger ships as if to protect them. Villa also claims that the weeds in some of the photos were wilted due to the magnetic field which surrounded the craft as they

came in low over the ground And if the skeptic still wishes to be a nonbeliever it should be pointed out that Villa never profited from any of the pictures he took though he might have been able to sell them for hundreds of dollars Instead he gave away stacks of copies free of charge to schools prisons libraries and government officials But THE SECRET UFO CONTACTS OF PAUL VILLA goes beyond just the photographic evidence It gets into his contact claims and his belief that aliens live and work among us and are here now getting us ready for that great day when we will be unshackled from our chains and redeemed from our present failed condition It would seem that such a time is upon us right now THIS IS A LARGE FORMAT 8x11 book with page after page of Paul Villa s impressive COLOR photos the best quality we could obtain It is a coffee table book that will be a great enhancement to any collector s library There has never been such a tantalizing collection of UFO pictures printed in color in America that has so defied the critics This book also includes the UFO contacts of Italy s Alien Friendship Case
