Linked Courses for General Education and Integrative Learning Margot Soven,Dolores Lehr,Siskanna Naynaha,Wendy Olson,2023-07-03 Research indicates that of the pedagogies recognized as high impact learning communities one approach to which the linked course is the subject of this book lead to an increased level of student engagement in the freshman year that persists through the senior year and improve retention This book focuses on the learning community model that is the most flexible to implement in terms of scheduling teacher collaboration and design the linked course The faculty may teach independently or together coordinating syllabi and assignments so that the classes complement each other and often these courses are linked around a particular interdisciplinary theme Creating a cohort that works together for two paired courses motivates students while the course structure promotes integrative learning as students make connections between disciplines This volume covers both linked courses in which faculty may work to coordinate syllabi and assignments but teach most of their courses separately as well as well as paired courses in which two or more courses are team taught in an integrated program in which faculty participate as learners as well as teachers Part One Linked Course Pedagogies includes several case studies of specific linked courses including a study skills course paired with a worldview course a community college course that challenges students compartmentalized thinking and a paired course whose outcomes can be directly compared to parallel stand alone courses Part Two Linked Course Programs includes a description of several institutional programs representing a variety of linked course program models Each chapter includes information about program implementation staffing logistics and concerns curriculum development pedagogical strategies and faculty development Part Three Assessing Linked Courses highlights the role of assessment in supporting maintaining and improving linked course programs by sharing assessment models and describing how faculty and administrators have used particular assessment practices in order to improve their linked course programs **Teacher Preparation and Practice** Patrick M. Jenlink,2020-08-24 Teacher Preparation and Practice Reconsideration of Assessment for Learning introduces the reader to a collection of thoughtful research based works by authors that represent current thinking about assessment What we know is that assessments are designed and implemented in educational settings both university based teacher preparation and school based teacher practice in school classrooms that serve to inform and guide teaching and learning We also know that there is a dichotomy between assessment of learning summative and assessment for learning formative that is recognized on a global level in teacher preparation Importantly the reported research examines assessment and the application of professional judgment guided by assessment for learning in contrast to the more normalizing assessment of learning that currently pervades the nature of assessment in teacher preparation and practice There is a need in the work of teaching for assessments that focus on cultural competence and relational sensitivity communication skills and the combination of rigor and imagination fundamental to the teaching and learning practices in classrooms Each chapter

focuses on assessment and the preparation and practice of teachers who will enter classrooms to instruct the next generation of students Chapter One opens the book with a focus on assessment and its relationship to teaching and learning in the classroom providing the reader with an introduction to the book and an understanding of the role assessment plays in teacher preparation and practice The authors of Chapters Two Nine present field based research that examines assessment in teacher preparation and practice Each chapter offers the reader an examination of assessment in teacher preparation and practice based on formal research that provides the reader with insight into how the research study was conducted as well as equally important the findings and conclusions drawn with respect to assessment and teacher preparation and practice Finally Chapter Ten presents an epilogue that focuses on the future of assessment in teacher preparation and practice U. Multilingual Learners and Academic Literacies Daniella Molle,Edynn Sato,Timothy Boals,Carol A.

Hedgspeth,2015-03-05 Shifting the discourse from a focus on academic language to the more dynamic but less researched construct of academic literacies this volume addresses three key questions What constitutes academic literacy What does academic literacy development in adolescent multilingual students look like and how can this development be assessed What classroom contexts foster the development of academic literacies in multilingual adolescents The contributing authors provide divergent definitions of academic literacies and use dissimilar theoretical and methodological approaches to study literacy development Nevertheless all chapters reflect a shared conceptual framework for examining academic literacies as situated overlapping meaning making practices This framework foregrounds students participation in valued disciplinary literacy practices Emphasized in the new college and career readiness standards the notion of disciplinary practices allows the contributing authors to bridge the language content dichotomy and take a more holistic as well as nuanced view of the demands that multilingual students face in general education classrooms The volume also explores the implications of the

emphasis on academic literacy practices for classroom instruction research and policy **Psychological Assessment in South Africa** Sumaya Laher, Kate Cockcroft, 2013-01-01 This book provides an overview of the research related to psychological assessment across South Africa The thirty six chapters provide a combination of psychometric theory and practical assessment applications in order to combine the currently disparate research that has been conducted locally in this field Existing South African texts on psychological assessment are predominantly academic textbooks that explain psychometric theory and provide brief descriptions of a few testing instruments Psychological Assessment in South Africa provides in depth coverage of a range of areas within the broad field of psychological assessment including research conducted with various psychological instruments The chapters critically interrogate the current Eurocentric and Western cultural hegemonic practices that dominate the field of psychological assessment The book therefore has the potential to function both as an academic text for graduate students as well as a specialist resource for professionals including psychologists psychometrists remedial teachers and human resource practitioners Helping Children Learn Mathematics Robert Reys, Mary Lindquist, Diana V.
