Report of the South African Association for the Advancement of Science, 1908

The Future of Journalism Bob Franklin, 2013-09-13 The future of journalism is hotly contested and highly uncertain reflecting developments in media technologies shifting business strategies for online news changing media organisational and regulatory structures the fragmentation of audiences and a growing public concern about some aspects of tabloid journalism practices and reporting as well as broader political sociological and cultural changes These developments have combined to impoverish the flow of existing revenues available to fund journalism impact radically on traditional journalism professional practices while simultaneously generating an increasingly frenzied search for

sustainable and equivalent funding and from a wide range of sources to nurture and deliver quality journalism in the future This book brings together journalists and distinguished academic specialists from around the globe to present the findings from their research and to discuss the future of journalism the shifting quality of its products its wide ranging sources of finance as well as the economic and democratic consequences of the significant changes confronting Journalism The Future of Journalism details the challenges facing the press in contemporary societies and provides essential reading for everyone interested in the role of journalism in shaping and sustaining literate civil and democratic societies This book consists of special issues from Journalism Studies and Journalism Practice *Growing Information: Part I* Eli B. Cohen, 2009
