Research in Chemistry Education Liliana Mammino, Jan Apotheker, 2021-05-17 This volume emphasizes the role of chemical education for development and in particular for sustainable development in Africa by sharing experiences among specialists across the African continent and with specialists from other continents It considers all areas and levels of chemistry education gives specific attention to known major challenges and encourages explorations of novel approaches The chapters in this book describe new teaching approaches approach explorations and in class activities analyse educational challenges and possible ways of addressing them and explore cross discipline possibilities and their potential benefits for chemistry education This makes the volume an up to date compendium for chemistry educators and educational researchers worldwide

Current Microbiological Research in Africa Akebe Luther King Abia, Guy R. Lanza, 2020-02-04 Scientific output in low and middle income countries is greatly challenged by numerous factors This is particularly pronounced in sub Saharan African countries despite the continent being the world s second largest and second most populous continent currently undergoing rapid economic growth Financial constraints and unclear areas of focus when funding is available are among the limiting factors with the consequence being the development of inadequate policies especially those relating to environmental protection and conservation This 13 chapter book is a unique piece in the field of microbiology designed to stimulate some research areas in Africa by illustrating interesting and informative examples of the current applied research agenda in environmental microbiology in selected countries within the continent With authors from the North South East and West of Africa the book touches diverse applied methods and approaches to meet the pragmatic needs faced by environmental microbiologists in Africa Also included are topics on viruses bacteria including cyanobacteria and protozoa and their importance in disease Sustainable agriculture and aquaculture and eco friendly oil and hydrocarbon bioremediation and degradation approaches are highlighted Microbial involvement in different common indoor e g household kitchens latrines and hospitals and outdoor settings including air soil and water habitats and their resistance to commonly used antibiotics are described Hopefully the work presented here will stimulate the need for increasing modern training and funding initiatives to prepare African microbiologists to meet the challenges they face in African universities and research laboratories

Unlocking the chains of knowledge Monwabisi K Ralarala, Suren Pillay, Zannie Bock, Russell H. Kaschula, 2025-02-28 Unlocking the chains of knowledge Understanding the challenges remaking pedagogies and curriculum renewal addresses the complex yet imperative task of reshaping the colonial legacy embedded within South African higher education and beyond The book confronts the historical and ideological bindings that have entrenched European centric knowledge within the fabric of academia in Africa propelling a transformative journey within the Arts and Humanities At its core this work presents a tripartite focus firstly understanding the deep seated issues ingrained in the traditional university structure secondly remaking pedagogical practices and lastly renewing the curriculum Recognising the historical dominance

of Eurocentric ideas the book explores various movements theories and practices from negritude to postcolonial theory aiming to emancipate and amplify the voices and knowledge of those historically excluded With a commitment to a pluralistic approach the book scrutinises the power dynamics of language the importance of diverse perspectives and the challenging task of inclusion without replicating the divisive structures of the past Prof Christine Winberg Research Chair in Work integrated Learning Cape Peninsula University of Technology In *Unlocking the chains of knowledge Understanding the challenges remaking pedagogies and curriculum renewal* the editors provide a decisive and detailed reflection and profound understanding of complexities of knowledge generation in Southern Africa Unlike many volumes that address these intricate complexities this volume not only navigates the intricate complexities of the long history of epistemic injustices and intolerance in the Southern African higher education environment but delves deeper into the core of what is required for curriculum transformation and renewal The groundbreaking volume addresses the urgent need for linguistic inclusivity consciousness about decoloniality as well as embedding social justice in South African and Zimbabwean education and by doing so presents strategies that can be used by the rest of the African continent in addressing the scourge of coloniality Prof Pamela Maseko Executive Dean Faculty of Humanities Nelson Mandela University [International Environments and Practices of Higher Education](#) Andrea Caputo, Deborah Lock, Dieu Hack-Polay, 2022-10-31 This book provides a critical review of the teaching practices in higher education in international contexts Sticky problems and debates about inclusivity diversity and cultural representation in the curriculum and classroom are explored through the eyes of the academics who negotiate complex teaching landscapes **The Origin and Growth of Geography as a discipline at South Africa Universities** Gustav Visser, Ronnie Donaldson, Cecil Seethal, 2016-09-20 *Water Quality* Hlanganani Tutu, 2017-01-18 As concerns increase over the scarcity of water resources and the role of anthropogenic activities water quality is evermore important Activities ranging from agriculture to mining have had a bearing on the quality of water that they impact Several studies assessing such impacts have been conducted at local and global scales over the years This book consisting of contributions by authors in various water related fields delves into some approaches that are used to understand and or to improve water quality and these include assessment of water chemistry biomonitoring modelling and water treatment This book will be useful to environmental scientists water professionals researchers academics and students [Examining Information Literacy in Academic Libraries](#) Chizwina, Sabelo, Moyo, Mathew, 2024-04-09 In the 21st century information literacy emerges as the cornerstone of educational development Despite its paramount significance a stark reality persists students often traverse the corridors of academia without acquiring essential information literacy skills This deficiency is exacerbated by a shortage of faculty training leaving academic libraries to shoulder the responsibility of cultivating information savvy individuals Examining Information Literacy in Academic Libraries delves into the core challenges and solutions surrounding this critical educational imperative This book illuminates the role of academic libraries as bastions of information literacy

instruction The capacity of students and information consumers to seek evaluate and utilize information is paramount for informed decision making ethically and legally Regardless of whether or not students were brought up in the digital age many lack the fundamental information literacy skills required for higher education This deficiency manifests in academic malpractices such as plagiarism which compromise the integrity of educational institutions Moreover this imperative work contends that the Fourth Industrial Revolution 4IR is not a distant concept but a present reality The recent global upheaval caused by the Coronavirus pandemic accelerated the adoption of new technologies necessitating a swift reassessment of our collective ability to navigate this everchanging digital and information landscape Focusing on media literacy data literacy and digital literacy with information literacy as the overarching domain this book serves as a beacon for educators librarians and policymakers
