UNSPEAKABLE ACTS,

ORDINARY PEOPLE

THE DYNAMICS OF TORTURE

An Examination of the Practice of Torture
in Three Democracies

JOHN CONROY

Unspeakable Acts Ordinary People The Dynamics Of Torture

Elizabeth K. Minnich

Unspeakable Acts Ordinary People The Dynamics Of Torture:

Unspeakable Acts, Ordinary People John Conroy, 2001-09-25 An examination of torture in the name of the state in three democracies Israel Northern Ireland and the United States by John Conroy a Chicago journalist with a strong following among readers who know his previous book a war diary of life in Belfast

The Psychology of Genocide, Massacres, and Extreme Violence Donald G. Dutton, 2007-05-30 Chronicling horrific events that brought the 20th century to witness the largest number of systematic slaughters of human beings in any century across history this work goes beyond historic details and examines contemporary psychological means that leaders use to convince individuals to commit horrific acts in the name of a political or military cause Massacres in Nanking Rwanda El Salvador Vietnam and other countries are reviewed in chilling detail But the core issue is what psychological forces are behind large scale killing what psychology can be used to indoctrinate normal people with a Groupthink that moves individuals to mass murder brutally and without regret even when the victims are innocent children Dutton shows us how individuals are convinced to commit such sadistic acts often preceded by torture after being indoctrinated with beliefs that the target victims are unjust inhuman or viral like a virus that must be destroyed or it will destroy society

The Evil of Banality Elizabeth K. Minnich, 2016-12-07 How is it possible to murder a million people one by one Hatred fear madness of one or many people cannot explain it No one can be so possessed for the months even years required for genocides slavery deadly economic exploitation sexual trafficking of children In *The Evil of Banality* Elizabeth Minnich argues for a tragic yet hopeful explanation Extensive evil her term for systematic horrific harm doing is actually carried out not by psychopaths but by people like your quiet next door neighbor your ambitious colleagues There simply are not enough moral monsters for extensive evil nor enough saints for extensive good In periods of extensive evil people little different from you and me do its work for no more than a better job a raise the house of the family disappeared last week So how can there be hope The seeds of such evils are right there in our ordinary lives They are neither mysterious nor demonic If we avoid romanticizing and so protecting ourselves from responsibility for the worst and the best of which humans are capable we can prepare to say no to extensive evil to act accurately together and above all in time before great harm doing has become the daily work of normal people

Transitional Justice and Legacies of State Violence Lisa White, 2015-03-05 As politicians public bodies and non Governmental organisations continue to profess an interest in making peace with the past this highly original study explores the motivation significance and legacy of making public experiences of state violence in Northern Ireland Based on a synthesis of documentary material with the findings from a series of contemporary interviews this timely book uncovers the reasoning behind many Republican former detainees accounts of state violence and torture It examines the aims of those who went public during the conflict and discusses the meaning they attached to their stories and the various responses to them It also identifies some of the risks involved in criticising the violence of the British State and illuminates the ways in which truths are often contested in Northern Ireland

both during the conflict and in the years which have followed A unique piece of interdisciplinary work the study disentangles and evaluates the discourses presented by former detainees and makes an innovative and interesting contribution to knowledge about transitional justice and legacies of state violence The book is suitable for social science scholars interested in human rights state violence criminology and transitional justice as well as those seeking to understand more about experiences of imprisonment and the legacy of the Northern Ireland conflict

Faith-Based War T. Walter Herbert, 2014-12-05 The American invasion of Iraq was largely governed by faith based policy The shock and Awe strategy alongside a grossly mismanaged occupation led to the loss of American lives Faith Based War presents an analysis of the imperialist Christian militarism behind the Bush Administration America's self perception as God's Chosen is examined and its catastrophic results detailed The book offers an ethical political and theological perspective on the perversion of Christian teaching behind the war in Iraq and the moral culpability of the American empire

Philosophical Foundation of Human Rights Paul Tiedemann, 2020-06-27 This textbook presents a range of classical philosophical approaches in order to show that they are unsuitable as a foundation for human rights Only the conception of human dignity based on the Kantian distinction between price and dignity can provide a sufficient basis The derivation of human rights from the principle of human dignity allows us to identify the most crucial characteristic of human rights namely the protection of personhood This in turn makes it possible 1 to distinguish between real moral human rights and spurious ones 2 to assess the scope of protection for many codified human rights according to the criteria of core and yard and 3 offers a point of departure for creating new unwritten human rights This philosophical basis supports a substantial reassessment of the case law on human rights which will ultimately allow us to improve it with regard to legal certainty clarity and cogency The textbook is primarily intended for advanced law students who are interested in a deeper understanding of human rights It is also suitable for humanities students and for anyone in the political or social arena whose work involves human rights and their enforcement Each chapter is divided into four parts Abstracts Lecture Recommended Reading and Questions to check reader comprehension Sample answers are included at the end of the book

The Abu Ghraib Effect Stephen Eisenman, 2007-04-25 Skillfully weaving together visual theory history philosophy and current events Stephen Eisenman probes the iconic images from the detention center at Abu Ghraib

Hearts of Darkness Henry A. Giroux, 2015-12-03 George W Bush's war on terror defended torture as a matter of official policy and furthered an already emergent culture of cruelty As torture became normalized in the Bush era it not only corrupted American ideals and political culture it also passed over to the dark side in sanctioning the unimaginable and unspeakable the torture of children This shocking book documents cases of child torture by American military personnel many of which have never been reported in the media Giroux raises serious challenges the Obama administration must address in light of this shameful period in American history if it wants to restore democratic culture Going further than simply blaming those at the top Hearts of Darkness also raises questions about the collusion of the

media educators the criminal justice system and other institutions that have enabled a culture that accepts the torture of children *Rethinking America* Jeff Maskovsky, Ida Susser, 2015-11-17 How has domestic life been reorganised to accommodate the new U S imperial ambitions What are the consequences of empire for the people living here at home This new collection of essays answers these questions by exploring the cultural political and economic shifts that are now under way in the United States Encouraging a radical rethinking of what the country is today this book highlights the connection of U S imperial strategies to the production of insecurity uncertainty and deepening inequality at home *Rethinking America* also explores the instabilities and contradictions of the new imperialism from the unique vantage point of the newly emerging U S homeland Comprised of work from leading figures in the field of U S ethnography this book is essential reading for anyone interested in understanding the changes taking place in the United States in the early years of the twenty first century

Kangaroo Courts and the Rule of Law Desmond Manderson, 2012-07-26 *Kangaroo Courts and the Rule of Law* The Legacy of Modernism addresses the legacy of contemporary critiques of language for the concept of the rule of law Between those who care about the rule of law and those who are interested in contemporary legal theory there has been a dialogue of the deaf which cannot continue Starting from the position that contemporary critiques of linguistic meaning and legal certainty are too important to be dismissed Desmond Manderson takes up the political and intellectual challenge they pose Can the rule of law be re configured in light of the critical turn of the past several years in legal theory rather than being steadfastly opposed to it Pursuing a reflection upon the relationship between law and the humanities the book stages an encounter between the influential theoretical work of Jacques Derrida and Mikhail Bakhtin and D H Lawrence s strange and misunderstood novel *Kangaroo* 1923 At a critical juncture in our intellectual history the modernist movement at the end of the first world war and struggling with the same problems we are puzzling over today Lawrence articulated complex ideas about the nature of justice and the nature of literature Using Lawrence to clarify Derrida s writings on law as well as using Derrida and Bakhtin to clarify Lawrence s experience of literature Manderson makes a robust case for law and literature With this framework in mind he outlines a post positivist conception of the rule of law in which justice is imperfectly possible rather than perfectly impossible

Ignite the flame of optimism with is motivational masterpiece, Find Positivity in **Unspeakable Acts Ordinary People The Dynamics Of Torture** . In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
