Speaking From Our Hearts Volume 5: The Stories We Tell Ourselves Paul D. Lowe, 2021-09-02 Apparently there are very few certainties in life other than one day we will die Add in too the certainty that change surrounds each and every one of us every single moment of every single day But wait there is a third absolute certainty too Something that has been with us all from our earliest childhood and been responsible for creating so much darkness and desperation in our lives FEAR What if we became aware though there is an antidote to this life limiting emotion What if we became aware that solution starts with the stories we tell and most importantly tell ourselves Through Speaking From Our Hearts We Become World Game

Changers **World Through a Stethoscope (Volume 1)** Dr Tejas Shelar, 2023-11-08 World through a Stethoscope is an idea which originated amidst the gone pandemic of COVID With a simple motto of giving voice to healthcare professionals unfolding stories one at a time With 74 established authors who are healthcare professionals have enlivened the text within these pages They have unveiled the triumphs and challenges the moments of vulnerability and resilience that have shaped them as they navigate the maze of healthcare In the vast realm of medicine where every heartbeat holds a story we find ourselves at the crossroads of science and humanity Welcome to this anthology a tapestry woven by the hands minds and hearts of medical professionals The narratives in this book are frozen in time representing the authors as they were around December 2020 As we fast forward to 2023 their subsequent achievements and personal growth have taken them to new heights making their stories even more inspiring and emblematic of their remarkable journeys We hope this book encourages future doctors makes people talk about how to make things better and reminds everyone that being a doctor is not just about facts and figures it s also about being caring and kind Let s celebrate the special people who spend their lives helping others and let these stories inspire you to do good things too Wherever we originate whoever we are and wherever we may be headed our lives are woven from stories and it s stories that will endure as our lasting legacy *Our Unsung Heroes:*

Volume One Chad Cathey, 2019-02-14 This book Our Unsung Heroes Volume 1 is based back in WWII Our Unsung Heroes is a program created by Franklin D Roosevelt and approved by the United States Congress A Colonel named Colonel Hansen and his team to go into Germany into a prison camp and get it ready for helping German spies and P O W s in getting out of Germany and into London England to help London and the United States in winning the war by doing sabotage to the enemy in every possible way This book is like the old Television Series Hogan s Heroes but with different characters with Colonel Hansen being one of the characters and different plots in different episodes This book is a War Comedy book that has a good twist in what Colonel Hansen and his team does to the Commandant of the camp and the entire German Army including the Gestapo *Archives of Times Past* Cynthia Kros, Geoffrey Blundell, Jan Boeyens, Sekibakiba Peter Lekgoathi, Amanda Esterhuysen, Grant McNulty, Rachel King, Hlonipha Mokoena, Lize Kriel, Fred Morton, Muchaparara Musemwa, Ndukuyakhe Ndlovu, Sifiso Mxolisi Ndlovu, Himal Ramji, Justine Wintjes, 2022-02 Archives of Times Past explores particular sources of

evidence on southern Africa's time before the colonial era. It gathers recent ideas about archives and archiving from scholars in southern Africa and elsewhere focusing on the question: How do we know or think we know what happened in the times before European colonialism? The essays by well-known historians, archaeologists and researchers engage these questions from a range of perspectives and in illuminating ways. Written from personal experience, they capture how these experts encountered their archives of knowledge beyond the textbook. The essays are written at a time when public discussion about the history of southern Africa before the colonial era is taking place more openly than at any other time in the last hundred years. They will appeal to students, academics, educationists, teachers, archivists and heritage museum practitioners and the general public.

Indian Muslims Against British Rule Aijaz Ahmad, 2014-01-01. This book *Indian Muslims Against British Rule* includes the events of the Uprising of 1857 and the participation of the Muslims, particularly the theologians, as their religious duty to uproot the British rule from the Indian subcontinent. This work is an attempt to prove the Muslim a true patriot and the real hero of the first war of independence and remind the readers what actually happened during the inordinate episode in 1857 and thereafter. It's the work of different historical dimensions with independent analysis and research in the modern context. In this work, I have tried to do justice to the ideologically complex topic which was the need of the time and awaken my readers about the Muslim torch bearers which always taught the lesson of love to the country and its people irrespective of caste and creed. Apart from the general history of the Uprising, the role of the Wahabi and Faraizi Movements also has been discussed in the context of the circumstances after a deep research and analysis. The role of the personalities like Bahadur Shah Zafar, General Bakht Khan, Sir Syed Ahmad Khan, Mirza Ghalib and other related personalities have been very widely discussed. The print media or journalism of that time, particularly the Urdu Press which was the main source of inspiration to the common people, has also been discussed in detail. I have much hope with this book that it would change the common mindset which has been developed about the Indian Muslim since the partition of India.

Modernizing Global Health Security to Prevent, Detect, and Respond Scott J.N. McNabb, Affan T. Shaikh, Carol J. Haley, 2023-10-19. *Modernizing Global Health Security to Prevent, Detect, and Respond* explores through thoughtful, thorough and diverse scientific review and

analyses factors that have led to recent public health emergencies and offers a vision for a better protected global environment. The authors consider the history of global health security governance and legal structures with an eye toward novel approaches for the present and future. The book presents a vision for a more protected and safer global public health future with the actions needed to achieve it to prevent, detect, and respond to re-emerging threats. Its aim is to chart a way forward with the understanding that future pandemics must and can be prevented. Major topics examined from a public health perspective include global health security, the growing concept of One Health, epidemic and pandemic prevention, detection and response, reviews of past e.g. Ebola, MERS, CoV, Zika, and COVID-19 public health emergencies of international concern, roles of information and communication technology, humanmade public health threats, and legal and ethical issues e.g. viral sovereignty, trust, and transparency. **Modernizing Global Health Security to Prevent, Detect, and Respond** provides the academic substance and quality for researchers and practitioners to deeply understand the why of health emergencies and most importantly what we can and should do now to prepare.
