Unveil The Past Heal The Future Through Hypnotherapy:

Unveil the Past, Heal the Future Through Hypnotherapy Dolores Small Proiette, 2006 Using spellbinding transcripts of actual hypnotherapy sessions the author reveals what her clients subconscious minds have shown her regarding some of the greatest mysteries we face Do we keep running into the same group of souls in successive lifetimes If so could hypnosis help us improve our relationships with them Can past life traumas spill over into a current lifetime causing illnesses and phobias that doctors and psychiatrists cannot diagnose And if so can hypnosis heal them When we block childhood trauma it haunts our life from the subconscious mind How can hypnotherapy resolve it so that it releases its paralyzing stranglehold on our lives Is it possible that many of us have contact with ETs that is then erased from our conscious mind but is still left in our subconscious mind for hypnosis to reveal When I started working on this book I was so fascinated by the content that I stopped working and just read the manuscript for pleasure The compelling case studies took my breath away I was awestruck by the width and depth of our subconscious mind and by the power of hypnosis to unlock its trove of deep dark secrets Tony Stubbs editor and author of An Ascension Handbook Living with Soul and It's All About Control
