Up With Authority Why We Need Authority To Flourish As Human Beings:

Up with Authority Victor Lee Austin, 2010-07-15 Authority is something we experience every day but is it necessary Many think that it is not and that it exists only as a remedy for some defect in us Victor Lee Austin sets about exploring the higher and nobler functions of authority and in doing so reveals its human importance as more than simply a provision for human inadequacies A significant contribution to Christian anthropology the book illuminates an indispensable feature of human sociality the need for and the good provided by authority In enabling us to do more complex activities to gain and communicate understanding of the world around us and to flourish in political communities authority ultimately leads us to enjoy God Victor Lee Austin makes a unique contribution to political theology by deliberating the ways that authority functions both socially and epistemologically The field of ecclesiology is also enriched by the book's discussion of authority as at once necessary and fallible Those interested in the work of Michael Polanyi Yves Simon or Oliver O'Donovan will find these authors brought into the broader conversation about authority in an engaging way *A Church with Open Doors* Richard R. Gaillardetz, Edward P. Hahnenberg, 2015-05-06 Catholic ecclesiology stands at the threshold of a new moment in the reception of the Second Vatican Council The election of Pope Francis coinciding with the fiftieth anniversary of the council has inspired a fresh consideration of its teaching in such diverse areas as ecumenism inculturation missiology and ministry The chapters in this volume have their origin in a special symposium that called together over forty of the leading Catholic scholars from throughout North America in order to discuss the future of theological reflection on the church The nine essays in this volume guided that conversation and offer an entry into some of the most pressing issues in ecclesiology today *The Peril and Promise of Christian Liberty* W. Bradford Littlejohn, 2017-05-05 How do Christians determine when to obey God even if that means disobeying other people In this book W. Bradford Littlejohn addresses that question as he unpacks the magisterial political theological work of Richard Hooker a leading figure in the sixteenth century English Reformation Littlejohn shows how Martin Luther and other Reformers considered Christian liberty to be compatible with considerable civil authority over the church but he also analyzes the ambiguities and tensions of that relationship and how it helped provoke the Puritan movement The heart of the book examines how according to Richard Hooker certain forms of Puritan legalism posed a much greater threat to Christian liberty than did meddling monarchs In expounding Hooker's remarkable attempt to offer a balanced synthesis of liberty and authority in church state and conscience Littlejohn draws out pertinent implications for Christian liberty and politics today **Politics after Christendom** David VanDrunen, 2020-04-21 For more than a millennium beginning in the early Middle Ages most Western Christians lived in societies that sought to be comprehensively Christian ecclesiastically economically legally and politically That is to say most Western Christians lived in Christendom But in a gradual process beginning a few hundred years ago Christendom weakened and finally crumbled Today most Christians in the world live in pluralistic political communities And Christians themselves have very different opinions

about what to make of the demise of Christendom and how to understand their status and responsibilities in a post Christendom world Politics After Christendom argues that Scripture leaves Christians well equipped for living in a world such as this Scripture gives no indication that Christians should strive to establish some version of Christendom Instead it prepares them to live in societies that are indifferent or hostile to Christianity societies in which believers must live faithful lives as sojourners and exiles Politics After Christendom explains what Scripture teaches about political community and about Christians responsibilities within their own communities As it pursues this task Politics After Christendom makes use of several important theological ideas that Christian thinkers have developed over the centuries These ideas include Augustine's Two Cities concept the Reformation Two Kingdoms category natural law and a theology of the biblical covenants Politics After Christendom brings these ideas together in a distinctive way to present a model for Christian political engagement In doing so it interacts with many important thinkers including older theologians e g Augustine Aquinas and Calvin recent secular political theorists e g Rawls Hayek and Dworkin contemporary political theologians e g Hauerwas O Donovan and Wolterstorff and contemporary Christian cultural commentators e g MacIntyre Hunter and Dreher Part 1 presents a political theology through a careful study of the biblical story giving special attention to the covenants God has established with his creation and how these covenants inform a proper view of political community Part 1 argues that civil governments are legitimate but penultimate and common but not neutral It concludes that Christians should understand themselves as sojourners and exiles in their political communities They ought to pursue justice peace and excellence in these communities but remember that these communities are temporary and thus not confuse them with the everlasting kingdom of the Lord Jesus Christ Christians ultimate citizenship is in this new creation kingdom Part 2 reflects on how the political theology developed in Part 1 provides Christians with a framework for thinking about perennial issues of political and legal theory Part 2 does not set out a detailed public policy or promote a particular political ideology Rather it suggests how Christians might think about important social issues in a wise and theologically sound way so that they might be better equipped to respond well to the specific controversies they face today These issues include race religious liberty family economics justice rights authority and civil resistance After considering these matters Part 2 concludes by reflecting on the classical liberal and conservative traditions as well as recent challenges to them by nationalist and progressivist movements

Church as Fullness in All Things Mark W. Birkholz, Jonathan Mumme, Richard J. Serina, Jr., 2019-06-25 What is Lutheran ecclesiology The Lutheran view of the church has been fraught with difficulties since the Reformation Church as Fullness in All Things reengages the topic from a confessional Lutheran perspective Lutheran theologians and clergy who are bound to the Holy Scriptures and the Lutheran Confessions explore the possibilities and pitfalls of the Lutheran tradition's view of the church in the face of contemporary challenges The contributors also take up questions about and challenges to thinking and living as the church in their tradition while looking to other Christian voices for aid in what is finally a common Christian

endeavor The volume addresses three related types of questions faced in living and thinking as the church with each standing as a field of tension marked by disharmonized though perhaps not inherently opposite poles the individual and the communal the personal and the institutional and the particular and the universal Asking whether de facto prioritizations of given poles or unexamined assumptions about their legitimacy impinge the church Lutherans seek the volume closes with Anglican Reformed and Roman Catholic contributors stating what their ecclesiological traditions could learn from Lutheranism and vice versa The Sermon on the Mount and Moral Theology William C. Mattison (III), 2017-07-03 This book offers a virtue centered account of moral theology that is rooted in the Sermon of the Mount *Vatican II on Church-State Relations* M. Y. Ciftci, 2024-04-17 Should religion and politics be kept apart What should be the relationship between the church and the state M Y Ciftci answers these questions by studying the most important event in the recent history of the Catholic Church The Second Vatican Council 1962-65 The book provides a new interpretation of the Council's teaching on church state relations to better appreciate its flaws and need for reform By paying attention to the often overlooked importance given by the Council to the lay apostolate it reveals how the Council did not reform as is often thought but retained a flawed conception of the laity's role in politics It then proposes a new framework for understanding church state relations using the ressourcement method of returning to scripture and tradition and by a critical dialogue with Oliver O'Donovan and various Protestant biblical scholars of the Powers in the New Testament Ciftci shows how fruitful an self consciously ecumenical approach can be for political theology As most ressourcement theologians have overlooked political issues and since ecumenical theology rarely touches on issues of church state relations this work makes an original contribution to the ressourcement project and to ecumenism *The Emerging Christian Minority* Victor Lee Austin, Joel C. Daniels, 2019-02-07 An increase in secularization throughout the Western world has resulted in Christian communities finding themselves in a new context emerging as a minority group What does this changing landscape mean for existing Christian communities Are there biblical or historical precedents for this situation What should we expect in the future These were the issues taken up by the speakers at the 2016 conference The Emerging Christian Minority sponsored by the Center for Catholic and Evangelical Theology Contributors David Novak William T Cavanaugh Paige Hochschild David Novak Kathryn Schifferdecker Anton Vrame Joseph Small Oliver O'Donovan's Moral Theology Samuel Tranter, 2020-10-01 This book offers the first sustained full length treatment of the wide ranging work of major Anglican theologian Oliver O'Donovan Analyzing such key texts as Resurrection and Moral Order The Desire of the Nations and Ethics as Theology Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O'Donovan's evolving vision of moral theology Tranter traces this tension as it relates to O'Donovan's writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O'Donovan's project such as his accounts of creation

sin and redemption and his understanding of the relationships between the cross and the resurrection on one hand and Christology and pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O Donovan s influence on contemporary Christian ethicists and political theologians such as Luke Bretherton Gilbert Meilaender Jean Porter and Brent Waters and engages with critical readings of O Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O Donovan s proposals may be appropriated and amended as a resource for theology and ethics going forward

Not So with You Mark Stirling, Mark Meynell, 2023-06-26 The spate of recent scandals of power abuse by leaders within the evangelical world suggests something is wrong in our churches When a leader misuses power they have misunderstood and misrepresented God and the gospel This volume addresses the key underlying issue of what a biblical and healthy use of power in the church actually looks like Authors from a variety of Christian backgrounds and traditions help frame a biblical and theological understanding and practice of power use describe what it looks like when things go wrong and how to recognize the signs and suggest how the contemporary church can and must do better in this area This book is a rigorously grounded biblical challenge to much contemporary practice It is a call to reformation
