Tilt Max Oberon, 2015-10-16 *The Forcing* Paul E. Hardisty, 2023-02-16 Lured by rumors of tropical sanctuary a disparate group of men and women escape their inhospitable exile to seek freedom in a near future where civilization has collapsed A cataclysmic clarion call climate change thriller from one of the world's leading environmental scientists Civilization is collapsing Frustrated and angry after years of denial and inaction a government of youth has taken power in North America and deemed all those older than a prescribed age responsible for the current state of the world and decreed they should be relocated their property and assets confiscated David Ashworth known by his friends and students as Teacher and his wife May find themselves among the thousands being moved to new accommodation in the abandoned southern deserts thrown together with a wealthy industrialist and his wife a high court lawyer two recent immigrants to America and a hospital worker Together they must come to terms with their new lives in a land rendered unrecognizable As the terrible truth of their situation is revealed lured by rumors of a tropical sanctuary where they can live in peace they plan a perilous escape But the world outside is more dangerous than they could ever have imagined And for those who survive nothing will ever be the same again *Austral* Paul McAuley, 2017-10-19 A prescient and chilling climate change thriller set on the harsh landscape of Antarctica from one of the best science fiction writers of the present day The great geoengineering projects have failed The world is still warming sea levels are still rising and the Antarctic Peninsula is home to Earth's newest nation with life quickened by ecopoets spreading across valleys and fjords exposed by the retreat of the ice Austral Morales Ferrado a child of the last generation of ecopoets is a husky an edited person adapted to the unforgiving climate of the far south feared and despised by most of its population She's been a convict a corrections officer in a labour camp and consort to a criminal and now out of desperation she has committed the kidnapping of the century But before she can collect the ransom and make a new life elsewhere she must find a place of safety amongst the peninsula's forests and icy plateaus and evade a criminal gang that has its own plans for the teenage girl she's taken hostage Blending the story of Austral's flight with the fractured history of her family and its role in the colonisation of Antarctica Austral is a vivid portrayal of a treacherous new world created by climate change and shaped by the betrayals and mistakes of the past Austral has been optioned for television by Circle of Confusion the company who brought *The Walking Dead* and *Locke and Key* to the small screen They've recruited award winning screenwriter Elise McCredie Stateless and director Erik Skjoldbjerg *An Enemy of the People* *Insomnia* to work on this exciting project Paul McAuley's balanced grasp of science and literature always a rare attribute in the writer of prose fiction is combined with the equally rare ability to look at today's problems and know which are really problems and what can be done about them William Gibson Readers are captivated by Austral Austral feels very timely as it confronts questions about borders climate change geoengineering biodiversity racism and xenophobia An excellent climate change novel Goodreads reviewer Devastating humane extraordinarily harsh and beautiful Goodreads reviewer The world
