Time For Kids Of Why Really Cool People Places:

People, Places, and Belonging William Marsiglio, 2025-01-31 Place matters for good and bad. Infinitely diverse in form, place embodies the action settings where social life happens. Often fighting to preserve a sense of group belonging in the process, we design places to reflect our values and interests. With an eye on our rapidly changing world, *People, Places, and Belonging* explores how social realities at every level are affected by the places we collectively forge across various social domains. The book shows how place-related circumstances can promote personal empowerment, civic engagement, and social and environmental justice. Discussing places that affect personal and social well-being, including homes, communities, vehicles, and the metaverse, William Marsiglio illustrates how a web of social processes involving claims, attachments, rituals, and transitions can structure our experiences in place. The author argues that we can use decision-making principles to enhance our attachments, encourage supportive rituals, smooth out transitions, and manage claims with less conflict and more social justice. Armed with a heightened place consciousness and ethical principles, *People, Places, and Belonging* ultimately posits that we must individually and collectively build places that enrich our lives, celebrate the communal spirit, and foster social equity and ecological justice.

People, Places and Things Mr. Justice Kofi Barnes et al., 2017-11-28 In my eyes, Drug Treatment Court gives people like me a second chance to change their lives and to realize that we deserve a good life no matter what we have done in the past. All I can really say is that if I didn't have the privilege to be in drug treatment court, I would either still be incarcerated or would not be alive today. *People, Places and Things* is a collection of stories from men and women who have lived lives of drugs and crime. Each has made the courageous decision to overcome their addiction and the even more courageous decision to share their journeys with you. As they strive for sobriety with the guidance of Canada's drug treatment courts, they experience the extremes of addiction, the power of recovery, and the value of community. The stories within are raw; the authors have bared their souls, which is a difficult and brave endeavour. Some of the stories in this book are tales of happy endings, while some represent very dark moments. Addiction, as any of life's hardships, is a continuous journey void of an end state. These pages contain lessons about the power of resilience, the magic of hope, and the strength of believing in one's ability to become the person one wants to be. The extremes you might experience as you embrace this collection of stories, poems, and artwork is representative of the extremes that those recovering from addiction endure and of the extremes experienced by those that support, counsel, and represent them throughout their recovery.
