Made Up Martha Laham, 2020-10-10 *Made Up* exposes the multibillion dollar beauty industry that promotes unrealistic beauty standards through a market basket of advertising tricks techniques and technologies Cosmetics magnate Charles Revson a founder of Revlon was quoted as saying In the factory we make cosmetics In the store we sell hope This pioneering entrepreneur who built an empire on the foundation of nail polish captured the unvarnished truth about the beauty business in a single metaphor hope in a jar *Made Up* How the Beauty Industry Manipulates Consumers Preys on Women's Insecurities and Promotes Unattainable Beauty Standards is a thorough examination of innovative and often controversial advertising practices used by beauty companies to persuade consumers mainly women to buy discretionary goods like cosmetics and scents These approaches are clearly working the average American woman will spend around 300 000 on facial products alone during her lifetime This revealing book traces the evolution of the global beauty industry discovers what makes beauty consumers tick explores the persistence and pervasiveness of the feminine beauty ideal and investigates the myth making power of beauty advertising It also examines stereotypical portrayals of women in beauty ads looks at celebrity beauty endorsements and dissects the looks industry *Made Up* uncovers the reality behind an Elysian world of fantasy and romance created by beauty brands that won't tell women the truth about beauty **The Sidekick Comes of Age** Stephen M.

Zimmerly, 2019-04-09 Literary sidekicks like Dr Watson and Robin the Boy Wonder have not been the singular subject of a significant critical study until now Using young adult literature YA to study the sidekick reveals new and exciting ways to understand these kinds of characters and this kind of literature YA has embraced the sidekick recognizing the way the character reflects the importance of growth and finding one's place in the world The nature of many YA texts allows sidekicks to grow beyond literary or historical origins This includes letting sidekicks evolve over the course of multiple texts using parallel novels to add complexity to a sidekick's characterization and telling a story from the sidekick's perspective paradoxically making the sidekick the hero A singularly focused and prolonged study helps to establish sidekick scholarship as a burgeoning field in and of itself *The Ways Women Age* Abigail T. Brooks, 2017-03-07 Set against the backdrop of commercialized medicine in the United States the author investigates the anti aging craze from the perspective of women themselves examining the rapidly changing cultural attitudes pressures and expectations of female aging The women's stories in this book are personal biographies that explore identity and body image and are reflexively shaped by beauty standards expectations of femininity and an increasingly normalized climate of cosmetic anti aging intervention The Beauty Suit Lauren Shields, 2018-05-15 A young feminist finds herself questioning why hotness has become necessary for female empowerment and looks for alternatives Looking good feels good But in a society where looking good is posited as being strong while negotiating for better pay is statistically proven to damage our careers is it fair to say that wicked eyeliner weekly blowouts and a polished Instagram feed are the keys to our liberation If so if hot really is a good enough synonym for

empowered why do so many of us feel deep in our bones that the sexy as strong model is a distraction Is pretty still the closest to power women can get Why is looking fierce an acceptable substitute for living in a world where women are safe Inspired in seminary by American Muslimahs who wear the hijab for feminist reasons Lauren Shields took off what she calls the Beauty Suit the done hair the tasteful and carefully applied makeup the tight clothes and foot binding shoes for nine months She d really only wanted to do an experiment Instead her life especially her views on what constitutes liberation changed forever Rooted in feminist theory and religious history and guided by a snappy personal narrative *The Beauty Suit* unpacks modern American womanhood a landscape where the female body is still so often the battleground for male ideals and where we struggle with our rights as human beings to define and exercise our freedom *All-American Massacre* Eric Madfis,Adam Lankford,2023-06-16 In this edited collection topic experts report on the social and cultural roots of various motivations and correlates of American mass shootings The examinations of each contributing social problem center the question of why mass shootings are such an American phenomenon *Botox Nation* Dana Berkowitz,2017-01-10 Introducing botox Marketing agelessness The turf war over botox Becoming the botox user Negotiating the botoxed self Being in the botoxed body Conclusion the perils of an enhanced society **The Relativity of Deviance** John Curra,2016-01-25 This engaging and informative book by award winning sociologist and criminologist John Curra offers a valuable perspective on attitudes and behaviors labeled as deviant The Relativity of Deviance Fourth Edition explores the meanings and constructions of social deviance and social reactions to it he answers such questions as What is deviance What comprises deviant behavior How are deviants treated How is deviance socially constructed and socially sustained Why is the same attitude behavior or condition praised in one situation and condemned in another Through insightful and thought provoking examples and informed accounts the author illustrates that deviance cannot be explained or understood in terms of absolutes or essential characteristics nor can it be explained or understood apart from its social setting This book approaches sex violence theft drugs suicide rape and mental disorders in a way that shows the critical role of sociocultural factors and social reactions in constructions of deviance and crime *Social Work and Social Welfare* Katherine S.
