the future and who we really are We search for truth and like to be reminded that the knowledge of the truth belongs to creator God who dwells in higher dimensions A selection of lectures delivered before the Sunday lecture society. 3rd-5th selection Sunday lecture society,1879 **Fire in the Mind** George Johnson,2010-10-06 Are there really laws governing the universe Or is the order we see a mere artifact of the way evolution wired the brain And is what we call science only a set of myths in which quarks DNA and information fill the role once occupied by gods These questions lie at the heart of George Johnson s audacious exploration of the border between science and religion cosmic accident and timeless law Northern New Mexico is home both to the most provocative new enterprises in quantum physics information science and the evolution of complexity and to the cosmologies of the Tewa Indians and the Catholic Penitentes As it draws the reader into this landscape juxtaposing the systems of belief that have taken root there Fire in the Mind into a gripping intellectual adventure story that compels us to ask where science ends and religion begins A must for all those seriously interested in the key ideas at the frontier of scientific discourse Paul Davies **Three Days Before the Sun** Warren LeRoi Johns,2014-11-06 Three Days Before the Sun explores our origin purpose and destiny in an eternity of time and an infinity of space The holes and flaws acknowledged by Darwin in his evolution theory are precisely targeted with academic precision in a format designed for the general public The scrupulously documented title dismantles the chance hypothesis point by point as a lawyer presents evidence to a jury The 296 page illustrated title comes salted with homey colloquialisms methodically exposing unproven assumptions But more than an expos of flawed conjecture masquerading as science Three Days Before the Sun offers a generic Christian glimpse of the raging origins controversy The book compliments the faith of Christian communities who believe the Genesis account of the creation miracle while asserting the Creator of the universe is the Author of science
