Time Magazine Poland Erupts

Michael Seilmaier

Time Magazine Poland Erupts:

There Is No Freedom Without Bread! Constantine Pleshakov, 2009-10-27 The conventional story of the end of the cold war focuses on the geopolitical power struggle between the United States and the USSR Ronald Reagan waged an aggressive campaign against communism outspent the USSR and forced Mikhail Gorbachev to tear down this wall In There Is No Freedom Without Bread a daring revisionist account of that seminal year the Russian born historian Constantine Pleshakov proposes a very different interpretation The revolutions that took place during this momentous year were infinitely more complex than the archetypal image of the good masses overthrowing the bad puppet regimes of the Soviet empire Politicking tensions between Moscow and local communist governments compromise between the revolutionary leaders and the communist old timers and the will and anger of the people all had a profound influence in shaping the revolutions as multifaceted movements that brought about one of the greatest transformations in history In a dramatic narrative culminating in a close examination of the whirlwind year Pleshakov challenges the received wisdom and argues that 1989 was as much about national civil wars and internal struggles for power as it was about the Eastern Europeans throwing off the yoke of Moscow

The Courage of Strangers Jeri Laber, 2005-02-16 After

Jeri Laber earned a Master's degree in Russian studies at Columbia University she became a part time writer and editor and a full time wife and mother Then one day in 1973 she read an article about torture that altered her life and subsequently the lives of countless others around the world The Courage of Strangers tells how Laber became a founder and the executive director of Helsinki Watch which grew to be Human Rights Watch one of the world's most influential organizations She describes her secret trips to unwelcoming countries where she met with some of the great political activists of the time She also recalls what it was like to come of age professionally in an era when women were supposed to follow rather than lead how she struggled to balance work and family and how her fight for human rights informed her own intellectual spiritual and emotional development This story of the birth of the human rights movement is also a sweeping history of dissent and triumph in the Soviet Union and Eastern Europe Elegantly written full of passion humor and political wisdom it is exciting history as well as a moving entertaining inspiring story of a woman's life

Anti-Gender Politics in the Populist

Moment Agnieszka Graff, Elżbieta Korolczuk, 2021-09-15 This book charts the new phase of global struggles around gender equality and sexual democracy the ultraconservative mobilization against gender ideology and feminist efforts to counteract it It argues that anti gender campaigns which emerged around 2010 in Europe are not a simple continuation of the anti feminist backlash dating back to the 1970s but part of a new political configuration Opposition to gender has become a key element of the rise of right wing populism which successfully harnesses the anxiety shame and anger caused by neoliberalism and threatens to destroy liberal democracy Anti Gender Politics in the Populist Moment offers a novel conceptualization of the relationship between the ultraconservative anti gender movement and right wing populist parties

examining the opportunistic synergy between these actors The authors map the anti gender campaigns as a global movement putting the Polish case in a comparative perspective They show that the anti gender rhetoric is best understood as a reactionary critique of neoliberalism as a socio cultural formation The book also studies the recent wave of feminist mass mobilizations viewing the transnational revolt of women as a left populist movement This is an important study for those doing research in politics cultural studies gender and sexuality studies and sociology It will also be useful for activists and policy makers The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Butcher of Poland Garry

O'Connor, 2013-11-01 The life of Bavarian Hans Frank one of the ten war criminals hanged at Nuremberg in 1946 has not received the full attention the world has given to other Nazi leaders In many ways he warrants it more His life symbolised Germany's hubristic and visionary ambition to an alarming degree much better than anyone else's perhaps because he was an intellectual of the highest calibre An early supporter of the Nazi Party Frank ultimately became Hitler's personal lawyer and later served as Governor General of Poland during the Second World War He was a fervent advocate of Nazi racist ideology and became the primary if not the archetypal symbol of evil establishing a reign of terror against Polish civilians and becoming directly involved in the mass murder of Jews The Butcher of Poland is a harrowing account of Hans Frank the man who formalised the Nazi race laws

Universal Father Garry

O'Connor, 2013-08-22 The first biography to tell the full and extraordinary story of one of the most influential figures of the twentieth century setting the private individual in the public context A fine enduring biography O'Connor's triumph is to make the search for the soul of a papacy an enjoyable edifying and occasionally emotional journey Glasgow Herald Pope John Paul II is now universally considered to have been one of the great leaders of the twentieth century and possibly the most politically influential pope since St Peter His achievements are well documented yet he once said I can only be understood from the inside In this vivid and accessible living portrait O'Connor investigates the inner man including Karol Wojtyła's life before he became Pope and his friendships with men and women subtly analysing the Pope's own poems plays and philosophical works for clues as to what made him tick It also dramatically follows his life from his birth in Poland in 1920 through the losses that shaped his childhood the assassination attempt in 1981 and his great public confrontations on the
