FCC Record United States. Federal Communications Commission, 2012 *Decency in Broadcasting, Cable, and Other Media* United States. Congress. Senate. Committee on Commerce, Science, and Transportation, 2006 Remote Control Caetlin Benson-Allott, 2015-01-29 Object Lessons is a series of short beautifully designed books about the hidden lives of ordinary things While we all use remote controls we understand little about their history or their impact on our daily lives Caetlin Benson Allot looks back on the remote control s material and cultural history to explain how such an innocuous media accessory has changed the way we occupy our houses interact with our families and experience the world From the first wired radio remotes of the 1920s to infrared universal remotes from the homemade TV controllers to the Apple Remote remote controls shape our media devices and how we live with them Object Lessons is published in partnership with an essay series in The Atlantic Manual of Remote Sensing, Remote Sensing for the Earth Sciences Andrew N. Rencz, Robert A. Ryerson, 1999-03-08 An outstanding new reference work REMOTE SENSING for the Earth Sciences Remote Sensing for the Earth Sciences is a comprehensive up to date resource for geologists geophysicists and all earth scientists Produced in cooperation with the American Society for Photogrammetry and Remote Sensing it is the third volume of the Manual of Remote Sensing Third Edition the widely accepted basic reference work in the field It brings together contributions from an international team of scientists active in remote sensing and earth sciences research The book is organized for quick access to topics of particular interest beginning with coverage of spectral characteristics that focuses on the theory of rock mineral soil and vegetation spectra as well as planetary geology The second section on data analysis is devoted to procedures used in information extraction and techniques used in the visual display of data particularly in the integration of various geospatial data The third section addresses applications of remote sensing in areas such as mineral and hydrocarbon exploration stratigraphic mapping engineering geology and environmental studies The final chapters offer a discussion of sensors relevant to the earth sciences including radar visible infrared and geophysical sensors along with case study examples Complete with color figures helpful illustrations and thorough references including Internet sources this volume is a major resource for researchers and practitioners working in the earth and environmental sciences **ITV Handbook** Edward M. Schwalb, 2004 The proposed book will present key iTV issues technology solutions and standards assembled from those technologies Readers of the book will gain an understanding of the various iTV concepts and the relationships between them In addition to the general discussions each chapter will contain specific details so as to serve as a starting point for readers who want to become experts in a specific field Manual of Geospatial Science and Technology John Bossler, 2010-03-05 Following in the tradition of its popular predecessor the Manual of Geospatial Science and Technology Second Edition continues to be the authoritative volume that covers all aspects of the field both basic and applied and includes a focus on initiating planning and managing GIS projects This comprehensive resource which contains contributio
