Essays on Being Reformed Dirkie Smit, 2009-12-01 What does it mean to be Reformed Christians in the world today and in Africa and South Africa What does it mean to commemorate the legacy of John Calvin 1509 1564 after 500 years in a modern world characterised by democracy by popular notions of human dignity and human rights by worldwide struggles for individual freedoms and for social justice by a global economy in crisis when social historians argue about the lasting contribution of Calvin and his followers precisely with respect to all these modern phenomena The 28 essays by Dirkie Smit selected for this volume deal with such questions

historical contexts of reformed theology the various relationships ancient and modern which it maintains and from which it derives Recent research has shown the intricate ties between the patristic and medieval heritage of the church and the work of the reformed movement in the sixteenth century The past century has also witnessed an explosion of reformed theology outside the Western world prompting a need for attention not only to these global voices but also to the unique and contingent history of reformed theology in the West hence reflecting on its relationship to intellectual developments like scholastic method or the critical approaches of modern biblical studies Second the volume assesses some of the classic representative texts of the reformed tradition observing also their reception history The reformed movement is not dominated by a single figure but it does contain a host of paradigmatic texts that demonstrate the range and vitality of reformed thought on politics piety biblical commentary dogmatic reflection and social engagement Third the volume turns to key doctrines and topics that continue to receive attention by reformed theologians today Contributors who are themselves making cutting edge contributions to constructive theology today reflect on the state of the question and offer their own proposals regarding a host of doctrinal topics and themes

A Companion to the Theology of John Webster Michael Allen, R. David Nelson, 2021-06-10 An overview and analysis of John Webster's seminal contributions to Christian theology At the time of his death John Webster was widely hailed as one of the leading Christian theologians in the world Over the course of three decades he produced groundbreaking studies on the theologies of Eberhard Jüngel and Karl Barth and especially since the turn of the millennium numerous books and essays on various themes in Christian dogmatics He then intended to write an encyclopedic systematic theology a project he was unable to complete No substitute is possible for that lost opus but the contributors offer this volume as an homage to Webster and an aid to those who want to learn from him A Companion to the Theology of John Webster begins with an introductory section on Webster's theological development then continues into an extensive overview of Webster's contributions to contemporary discussions of particular doctrines An epilogue suggests how Webster's theology might have unfolded had he lived longer and imagines the continuing influence of his work on the enterprise of Christian dogmatics Readers hoping to understand the legacy of this great theologian and also those eager for fresh insights into the present state and future trajectories of contemporary Protestantism will find much to offer here

The Continuum Companion to Hume Alan Bailey, Dan O'Brien, 2012-03-08 With chapters written by internationally renowned experts in their field this is an authoritative reference guide to the work thought and influence of David Hume

God of Salvation Murray A. Rae, 2016-04-15 The theology of salvation stands at the heart of the Christian faith Very often the structure of Christian salvation is seen in terms of a single theme such as atonement for sins forgiveness liberation or friendship with God It is easy to reduce soteriology to a matter of merely personal experience or to see salvation as just a solution to a human problem This book explores a vital yet often neglected aspect of Christian confession the essential relationship between the nature of salvation and the character of the God who saves In what ways does God's saving outreach reflect God's character How might a Christian depiction of salvation best bear witness to these features What difference might it make to start with the identity of God as encountered in the gospel then view everything else in the light of that In addressing these questions this book offers fresh appraisals of a range of major themes in theology the nature of creaturely existence the relationship between divine purposes and material history the holiness love and judgement of God the atoning work of Jesus Christ election justification and the nature of faith salvation outside the church human and non human ends the nature of eschatological fellowship with God In looking at these issues in the light of God's identity the authors offer a stimulating and tightly argued reassessment of what a Christian theology of salvation ought to resemble and ask what the implications might be for Christian life and witness in the world today The Culture of Theology John Webster, 2019-10-15 John Webster one of the world's leading systematic theologians published extensively on the nature and practice of Christian theology This work marked a turning point in Webster's theological development and is his most substantial statement on the task of theology It shows why theology matters and why its pursuit is a demanding but exhilarating venture Previously unavailable in book form this magisterial statement now edited and critically introduced for the first time presents Webster's legendary lectures to a wider readership It contains an extensive introductory essay by Ivor Davidson **Locating Atonement** Zondervan, 2015-11-10 A Close Look at Atonement's Place in Contemporary Systematic Theology In light of renewed interest in the doctrine of atonement during which a range of atonement models have gained momentum among different traditions it's important to map these models to the broader context of theological thought on this aspect of Christ's work and to show how no single approach has the complete picture The proceedings of the third annual Los Angeles Theology Conference seek to identify the place of the doctrine of atonement in systematic theology Locating Atonement stays away from discussion of theories of atonement typologies of those theories and contests among various theories Instead its focus is on the question What else is there to do in atonement theology besides rehashing types and theories The twelve diverse essays in this collection include discussions on Atonement and the concept of punishment Atonement and ascension Atonement and human suffering Atonement and covenant Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future God's Being in Reconciliation Adam J. Johnson, 2012-03-01 A survey of unity and diversity in Christ's saving work read

and interpreted through the lense of the theology of Karl Barth **Theological Theology** R. David Nelson, Darren Sarisky, Justin Stratis, 2015-08-27 The areas of discussion include the nature and method of theology Scripture and its interpretation Christology and the doctrine of the Trinity moral theology and the reading and use of theological dialogue partners The essays are written by eminent systematic theologians theological ethicists and biblical scholars from a wide range of Christian traditions The contributors to this volume appraise extend and apply different aspects of the conception of theological theology That theology should in fact be thoroughly theological means that theological discourse gains little by conforming to the canons of inquiry that govern other disciplines it should rather focus its attention on its own unique subject God and all things in relation to God and should follow procedures that allow it to access and bear witness to these realities

Justification and the Gospel R. Michael Allen, 2013-11-19 Seeking to move beyond current heated debates on justification this accessible introduction offers a fresh alternative approach to a central theological topic Michael Allen locates justification within the wider context of the gospel allowing for more thoughtful engagement with the Bible historical theology and the life of the church Allen considers some of the liveliest recent debates as well as some overlooked connections within the wider orbit of Christian theology He provides a historically informed ecumenically minded defense of orthodox theology analyzing what must be maintained and what should be reconfigured from the vantage point of systematic theology The book exemplifies the practice of theological interpretation of Scripture and demonstrates justification s relevance for ongoing issues of faith and practice Paul's Spirituality in Galatians P. Adam McClendon, 2015-03-25

Spirituality is a hot topic in today s culture Spirituality is essentially how one s beliefs and experiences influence the way one lives their life Such influences for living are of critical importance to one s faith within the Christian community What role does the Bible play in developing an expressed spirituality among the Christian community How do one s religious traditions cultural influences and personal preferences influence the way Christian spirituality is perceived and expressed All too often and at times unintentionally the foundational truths of the Bible are subordinated to tradition culture and personal preference This book provides a context for understanding Paul s foundational components for Christian spirituality within the book of Galatians while showing how an accurate understanding of these components can and should serve as a corrective lens to various aspects of Christian spirituality as expressed and experienced today **Remembering**

Volume 2 Michael Horton, 2018-11-27 The second of a two volume project delving into the doctrine of justification Michael

Horton seeks not simply to recover a clear message of its role in modern Reformed theology but also to bring a fresh discovery of the gospel in a time when contemporary debates around justification have reignited The doctrine of justification stands at the center of our systematic reflection on the meaning of salvation and grace as well as our piety mission and life together And yet within mainline Protestant and evangelical theology it s often taken for granted or left to gather dust in favor of modern concerns and self renewal Volume 2 embarks on the theologically constructive task of investigating the biblical doctrine of justification in light of contemporary exegesis Taking up the topic from a variety of theological vantage points Horton engages with contemporary debates in biblical especially Pauline scholarship Part 1 draws out The Horizon of Justification from the Old Testament narratives of Adam and Israel Part 2 defines The Achievement of Justification in the blood of Christ and seeks to lay the groundwork for understanding its extent Part 3 focuses on The Gift of Righteousness delving into a clear articulation of what justification means its mechanism and the role of works on the day of judgement Part 4 proposes a way forward for Receiving Justification and understanding faith and justification within the broader framework of union with Christ Engaging and thorough Justification shows that the doctrine of justification finds its most ecumenically significant starting point and proper habitat in unity with Christ where the greatest consensus past and present is to be found among Orthodox Roman Catholic and Protestant theologies
