Hope on the Brink Lewis Brogdon, 2013-05-29 African Americans have always wrestled with hopelessness Yet in the face of hopelessness African Americans fought for hope that America can be a land of equality opportunity and justice The fight for hope has been difficult and has taken a toll on African Americans Today the signs of hopelessness abound in black communities across the nation as an increasing number of leaders express concern about a pervasive problem that they could not identify Beyond the continuing injustices and inequities linked to systemic racism they recognize a growing internal apathy in African Americans This internal apathy is nihilism the embrace of nothingness meaninglessness and internalized oppression Nihilism has been slowly emerging since the 1980s and is the reason there is an increasing number of blacks who turn to defeating and destructive behaviors that only worsen their plight In nihilism's wake leaders and communities are left trying to help people who have turned on themselves and abandoned hope that things can get better The first step toward hope requires an understanding of hopelessness Only then can we step into a world that pushes people to the brink and hope to make a difference *Hope on the Brink* offers an exploration into this hopelessness

Expository Preaching in Africa Ezekiel A. Ajibade, 2021-06-30 How can expository preaching rooted in a textual analysis of Scripture be effectively utilized in oral cultures In *Expository Preaching in Africa* Ezekiel A. Ajibade engages this challenge directly offering practical techniques for integrating African oral elements such as myths proverbs folklore dance drama poetry and storytelling into preaching that is both biblical and African Alongside numerous examples and tools Ajibade provides a rich overview of the nature of orality the history and development of African preaching and the reason biblical exposition must be central to gospel proclamation He reminds us that it is the word of God incarnated among us that has the power to transform lives and revitalize nations Contextualized expository preaching is not therefore

one technique to be utilized among many it is rather the heart of biblical teaching and the future of the African church While contributing significantly to studies in contextualization and homiletics this book is immediately applicable to practitioners especially African preachers and those working in oral contexts Flourishing in Babylon Joe Aldred,2024-04-30 Black theology has long been about oppression and liberation But is there a different story to tell Can the black story be one about a quest for flourishing through agency and self determination and not only an existence of nihilistic struggle Drawing on a fresh reading of Jeremiah s letter to Jewish exiles and his own Pentecostal tradition Joe Aldred offers a fresh understanding of the Black British experience which draws on a realised eschatology rooted in identity empowerment and an agenda In a contested diasporan context in the shadow of empire there exists opportunity to fully flourish without apology or as Jeremiah puts it to those in exile to settle build and grow **Secularization and Its Discontents** Rob Warner,2010-12-23
