

A detailed pencil sketch of several sailboats on a calm body of water. The boats are depicted with various sail configurations, including single-masted and multi-masted vessels. The water is rendered with light, horizontal strokes, and the sky is a uniform light gray. The overall style is that of a classic book illustration.

Yacht Voyage round England W H Kingston, 2016-05-18 Narrative of a summer voyage around England aboard the Dolphin in the last century [A Yacht Voyage Round England](#) William Henry Giles Kingston, 2015-12-27 **A Yacht Voyage Round England** W H G Kingston, 2020-10-08 Book Excerpt title itself We felt almost awe struck while seeing these things and thinking of the gallant men who once served on board that noble ship Papa said that he hoped if the old ship is not wanted for practical purposes that she may be fitted up exactly as she was at Trafalgar We afterwards called on an old lady a friend of papa who told us that she clearly recollected going off from Ryde in a boat with her father and mother and pulling round the Victory when she arrived from Gibraltar at Spithead on the 4th of December 1805 with the body of Nelson on board In many places the shot were still sticking in her sides her decks were scarcely freed from blood and other injuries showed the severity of the action After this the Victory was constantly employed until the year 1812 from which time she was never recommissioned for sea but from 1825 until within a few years ago she bore the flags of the port admirals of Portsmouth Late in the evening we crossed the harbour to the dockyard **A yacht voyage round England** William Henry Giles Kingston, 1879 *A Yacht Voyage Round England (Classic Reprint)* William Henry Giles Kingston, 2017-12-26 Excerpt from *A Yacht Voyage Round England* I should like to know what they think Of it As they have never before taken so long a cruise they may get tired and wish themselves home again or back at school Oh no no We should like it amazingly We are sure not to get tired if papa will take us We will work our passage will pull and haul and learn to reef and steer and do everything we are told said Oliver About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [A Yacht Voyage Round England - W. Kingston, 2009-11-17 A passage from the book We had come home from school much earlier than usual on account of illness having broken out there but as none of the boys were dangerously ill and those in the infirmary were very comfortable we were not excessively unhappy William Henry Giles Kingston 1814 1880 was a writer of tales for boys He was born in London but spent much of his youth in Oporto His first book *The Circassian Chief* appeared in 1844 His first book for boys *Peter the Whaler* was published in 1851 and had such success that he retired from business and devoted himself entirely to the production of this kind of literature in which his popularity was deservedly great and during 30 years he wrote upwards of 130 tales including *Digby Heathcote* 1860 *The Three Midshipmen* 1862 *The Three Lieutenants* 1874 *The Three Commanders* 1875 and *In the Rocky Mountains* 1878 He also conducted various papers including *The Colonist* and *Colonial*

Magazine and East India Review He was also interested in emigration volunteering and various philanthropic schemes For services in negotiating a commercial treaty with Portugal he received a Portuguese knighthood and for his literary labours a Government pension The very day of our arrival home when we were seated at dinner and my brother Oliver and I were discussing the important subject of how we were to spend the next ten or twelve weeks we heard our papa who is a retired captain of the Royal Navy and who was not attending to what we were talking about say as he looked across the table to mamma Would you object to these boys of ours taking a cruise with me round England this summer We pricked up our ears you may be sure to listen eagerly to the reply Looking at Oliver then at me she said I should like to know what they think of it As they have never before taken so long a cruise they may get tired and wish themselves home again or back at school A Yacht Voyage Round England Kingston William Henry Giles, 2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **A Yacht Voyage Round England ...
