Bütz,2009-12-21 Shows how the true teachings of Jesus were passed down through the centuries and shaped the vision of the Founding Fathers Reveals for the first time the hidden link that connects James the Brother Islam the Cathars the Knights Templar and Freemasonry Shows how the Founding Fathers used these teachings enshrined in Masonic principles to build a new nation With the success of Paul s desire to impose his vision for the Church the true teachings of Jesus as preserved by his family and disciples were forced into hiding This clandestine movement was evidenced by such early groups as the Nazarenes Ebionites and Elkesaites but is generally thought to have died out when the Church of Paul branded these groups as heretics However despite the ongoing persecution by the Roman Catholic orthodoxy this underground Jewish strain of Christianity was able to survive and resist incorporation into its more powerful rival Jeffrey B tz author of The Brother of Jesus and the Lost Teachings of Christianity reveals for the first time the hidden theological link that connects James the Brother of Jesus and the Ebionites with the religion of Islam the Cathars the Knights Templar and Freemasonry In The Secret Legacy of Jesus B tz demonstrates how this centuries old underground stream of Christ s original teachings remained alive and how it surfaced again in Colonial America where the Founding Fathers used Masonic principles rooted in Jewish Christian teachings to establish what they believed would be a New Jerusalem With the rise of a fundamentalist Christianity this potent spiritual vision was lost but B tz contends it can be recovered and used to bring about the reconciliation of Christians Jews and Muslims throughout the world **Until the Spirit Comes** Wonsuk Ma,1999-01-01 The surge of the Pentecostal movement in this century has brought new relevance to the study of the Spirit of God in the Old Testament Surprisingly however this theme has been largely neglected by Pentecostal scholars Ma seeks to fill this gap by providing an in depth study of the spirit of God in the Isaianic traditions He argues that the Old Testament concept of the Spirit of God has more than one root and that the development of the various spirit traditions can be fruitfully traced The study utilizes a synchronic approach together with historical analyses in order to elucidate the message of the book of Isaiah The author concludes that the concept of the Spirit of God retains a strong eschatological significance throughout the book
