every front Their carefully built haven gone and loyal friends suddenly transformed into vengeful enemies was there anywhere Esen and Paul could run anyone they could turn to for help any way to defeat a foe they couldn't identify

Species Imperative Julie E. Czerneda, 2014-09-02 A threat to entire worlds Where on that scale does one woman fall Dr Mackenzie Mac Connor's goal in life is to be left in peace to study her salmon and their migration She has no interest in the Interspecies Union space travel or the mysterious Chasm an expanse of dead worlds filled with the ruins of alien civilizations The only cloud on Mac's horizon is having to meet with the Oversight Committee to defend any research intrusions into the protected zones on shore But what Mac wants no longer matters There's another darker migration underway this time across space What created the Chasm has awakened once more to follow its imperative to feed on living worlds How can it be stopped Aliens have asked Mac to find that answer She knows it may mean sacrificing all she loves including Earth itself She's determined to find another way But first she must survive The Chasm of the past was only a trial run for this species intent on replacing all life with its own And they've learned her name

Changing Vision Julie E. Czerneda, 2016-11-01 Caught in a web of her own making Esen alit Quar had violated the First Rule of her species when she revealed her existence to a human named Paul Ragem And though both Paul and Esen had survived others of Esen's Web had not been so fortunate Es could hardly believe that fifty years had passed since the terrifying events which had nearly cost her her life and which had forced Paul to give up everything a human treasured family friends even his own identity to protect the secret of her continued survival In that time they had built a new life together out on the Fringe They had a successful export company friends and associates Esen now known as Esolesy Ki and wearing the form of a Lishcyn a species rare enough in the Commonwealth and never seen in the Fringe was perfectly content to remain on the world of Minas XII leaving it to Paul to travel the starways on company business Meanwhile she used their vast information resources to search for any signs that others of her kind had found their galaxy What neither Es nor Paul could foresee was that a simple vacation trip would plunge the two of them into the heart of a diplomatic nightmare and threaten to expose both Es and Paul to the hunters who had never been convinced of their destruction
