*The Power of Narrative* Pascal Nouvel,2025-10-06 Telling a story changes the way we think about an event and makes us understand it differently The very power of storytelling lies in this process of making understanding We give meaning to what is happening on the basis of what we have understood about what was in the past or what could be in the future The same is true when we tell our own story we give different meanings to the events of our own lives in the various accounts we give of them This process was spotted early on by the Stoic philosophers who used it in certain techniques of the self Michel Foucault that they called hupomnemata The analysis of this process is at the heart of this book which lies between philosophy literature and historical reflection How does meditating on one s history help to change one s own attitudes And what does the fact that it is possible to change oneself by looking back at oneself tell us about what man is in general Is this a universal fact or is it limited to one or a few cultures University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles University of California (System). Roemer,2018-12-11 This book scrutinizes the 39 parables attributed to Jesus in the Gospels Jesus was a part of a story telling society in the first century land of Israel A popular maxim characterizes them as earthly stories with heavenly meanings They often appear that way in context of the Gospels of the New Testament However if you retroject them back into the dynamic context of the life and activity of Jesus they suddenly assume not just a spiritual but also a more earthly vibrancy Knowing that context the reactions of his contemporaries become clear we can grasp how they were heard what people would think of the parables message and the character of the messenger Jesus society was in a crisis and part of the intent of Jesus was to address that crisis and rescue his beloved nation from disaster Story telling changes the way people think and makes them more attentive to new ideas Although to describe Jesus message as subversive may seem to be a distasteful characterization his parables were meant to subvert popular thought and belief In this he was completely faithful however to Israel s faith which at its deepest level rebels against the powers of this world In the parables we meet Jesus on the ground as he walked the hills of the Galilee

gathered hearers in the villages and sat among his contemporaries and called them to revolutionize mind and heart and as the prophets of old also had implored the nation to return to the gracious heart of their God In this reading of the parables the reader will be surprised challenged and perhaps even be disturbed by the Jesus who emerges in his stories we call parables     **Grand Rapids and Kent County, Michigan** ,1918     **Princeton Alumni Weekly** Jesse Lynch
