to try to help as many owners as possible learn how to use their vacation ownership product they bought Once you learn the ins and outs of a timeshare program they can be very beneficial and save you a tremendous amount on vacations as well as getting you into some of the best resorts in the world By knowing just a few of the simple strategies that they usually don't teach you when you buy and that many of the reps and owner service agents don't know about With the knowledge you could learn in this book you could do everything from trade your timeshare at the times you want to the best places getting you maximum value out of your purchase as well as where to go when you don't want it anymore I also teach you how to rent it out when you're not using it to pay the maintenance cost While many of the programs vary in different aspects they all work relatively the same I have tried to write it in as easy and understandable terms as possible but if you have further questions you can contact me company at www.timesharesimplified.com
