psychopathology as it manifests in vampirism lycanthropy and demonical possession Mr Noll's own explorations of the subjects weave together clinical anthropological and literary perspectives to create a rich and multitextured portrait of these psychiatric disturbances As the labyrinthian nature of the human psyche unfolds within these pages we are reminded again and again of the power of the beast that lurks beneath the surface of day to day existence This is not a book for the faint of heart But for those whose thirst for knowledge compells them to question the unquestionable it is a unique and provocative exploration of disorders that lie beyond the reach of current genetic biochemical and neurophysiological understanding
