overview of the state of fraternity sorority scholarship This volume will appeal to a broad readership made up of faculty administrations and alumni ae Perfect for courses such as Fraternity and Sorority Leadership Undergraduate Student Issues Professional Development Circles Discussion Groups Graduate Seminars Individual Reading Reflection Introduction to Student Affairs Contemporary Issues in Higher Education Pledged Alexandra Robbins,2011-05-24 Alexandra Robbins wanted to find out if the stereotypes about sorority girls were actually true so she spent a year with a group of girls in a typical sorority The sordid behavior of sorority girls exceeded her worst expectations drugs psychological abuse extreme promiscuity racism violence and rampant eating disorders are just a few of the problems But even more surprising was the fact that these abuses were inflicted and endured by intelligent successful and attractive women Why is the desire to belong to a sorority so powerful that women are willing to engage in this type of behavior especially when the women involved are supposed to be considered sisters What definition of sisterhood do many women embrace Pledged combines a sharp eyed narrative with extensive reporting and the fly on the wall voyeurism of reality shows to provide the answer The Complete Idiot's Guide to Campus Safety Alan Axelrod, PhD,Guy Antinozzi, J.D.,2008-04-01 A handbook that covers it all There are many issues surrounding campus safety that students should be prepared for This unique guide covers everything from dorm rules frat house myths and realities and protecting property to staying out of trouble on the Web at the ATM and elsewhere to drinking drugs dating spring break staying healthy how to handle different kinds of people and places and what to do in emergencies Pursuing a Promise F. Erik Brooks,2006 In Statesboro Georgia two schools coexisted one white and the other black Yet these schools were intertwined by their geographical location and the traditions of the segregated South There are many glaring similarities between the white students of Georgia Southern University s forerunner the First District A M School and the black students of the Statesboro Industrial and High School Yet as happened all too often in the South as implementation of the federal court s desegregation orders took shape Negro schools were downgraded or outright closed Statesboro was no different While First District A M became a regional university Statesboro Industrial and High School was downgraded to a junior high school In 1961 integration on the higher education level at Georgia s flagship university captured national attention Few works if any have examined desegregation in the context of non flagship universities Likewise there is a misguided mythology that desegregation occurred quietly at Georgia Southern University it s clear that while there was not the violence and rioting seen elsewhere in Southern universities blacks were marginalized and did not feel welcome at the college A passive group after the initial integration blacks adopted tactics of protest and confrontation to empower themselves Taking a page from the Civil Rights Movement black students and faculty established organizations to confront discrimination and gain access to campus leadership positions This is a story about the defeats victories struggles and developments of blacks at Georgia Southern University **Congressional Record** United States. The Radical Imagination of Black Women Pearl K. Ford Dowe, Pearl K. Ford, 2023 Historically many Black women have viewed political participation as a means to achieve full equality and improve their status in US society To this end Black women have long engaged in politics through activism voting mobilization and seeking office Since 2016 the number of women particularly Black women seeking office has increased dramatically Including interviews with Black women holding political office at the national state and local levels as well as focus group data The Radical Imagination of Black Women challenges political science s current approach to political ambition by exploring how Black women decide to seek political office Pearl K Ford Dowe argues that ambition for Black women cannot be measured only by political candidacies and ascents of the political chain of power Black women are uniquely positioned within their communities to influence politics and public policy which stems from unique variables of socialization gender and racial identity and marginalization that shape the political attitudes of Black women Thus Dowe asserts that Black women s political ambition often manifests outside formal politics in activism and community building a process that is linked to a wider radical vision for a full democracy This is ambition that occurs in a specific context of marginalization and both motivation and the conditions surrounding such motivation are critical to understanding the full range of Black women s political work By focusing on Black women s experiences in elite politics The Radical Imagination of Black Women is a much needed intervention in the literature on electoral ambition women in politics and candidates and elections
