

The background of the cover is a photograph of a woman with long reddish-brown hair, seen from behind, wearing a dark blue trench coat. She is standing on a cobblestone street, looking towards a brick building in the distance. A red octagonal stop sign is visible on the building. The scene is bathed in a soft, golden light, suggesting a sunrise or sunset. The overall mood is mysterious and atmospheric.

T. Ellison,2012 Dr Samantha Owens is starting over new city new man new life trying to put some distance between herself and the devastating loss of her husband and children Before she has a chance to settle into her new position in Georgetown University s forensic pathology department she s called to consult on three murders caused by an unknown pathogen released in Washington s Metro *A Deeper Darkness* J.T. Ellison,2012-05-01 As a medical examiner Samantha Owens knows her job is to make a certain sense of death with crisp methodology and precision instruments But the day the Tennessee floods took her husband and children the light vanished from Sam s life She has been pulled into a suffocating grief no amount of workaholic ardor can penetrate until she receives a peculiar call from Washington D C On the other end of the line is an old boyfriend s mother asking Sam to do a second

autopsy on her son Eddie Donovan is officially the victim of a vicious carjacking but under Sam's sharp eye the forensics tell a darker story. The ex Ranger was murdered though not for his car. Forced to confront the burning memories and feelings about yet another loved one killed brutally, Sam loses herself in the mystery contained within Donovan's old notes. It leads her to the untouchable Xander, a soldier off grid since his return from Afghanistan, and then to a series of brutal crimes stretching from that harsh mountainous war zone to this nation's capital. The tale told between the lines makes it clear that nobody's hands are clean and that making sense of murder sometimes means putting yourself in the crosshairs of death.

When Shadows Fall J.T. Ellison, 2018-10-15 The third heart racing story featuring medical examiner Dr Sam Owens only from New York Times bestselling author J T Ellison. Dear Dr Owens if you are reading this I am dead and I would be most grateful if you could solve my murder. Forensic pathologist Dr Samantha Owens thought life was finally returning to normal. Settling into her new job at Georgetown University the illusion is shattered when she receives a disturbing letter from a dead man imploring her to solve his murder. There's only one catch. Timothy Savage's death was so obviously a suicide that the case has been closed. When Sam learns Savage left a will requesting she autopsy his body she feels compelled to look into the case. The postmortem uncovers clear signs that Savage was indeed murdered. And she finds DNA from a kidnapped child whose remains were recovered years earlier. The investigation takes Sam into the shadows of a twenty year old mystery that must be solved to determine what really happened to Timothy Savage. Nothing about the case makes sense but it is clear someone is unwilling to let anyone, especially Samantha Owens, discover the truth. Originally published in 2014.
