Bashow, 2009 None but the Brave provides a fresh look at the Allied bombing campaign against the European Axis powers during the Second World War This bombing of the Third Reich and its allies was part of Britain's overall strategy to take the offensive to the enemy In doing so it created a second front that bled off resources from the enemy's campaign against the Soviets and it required massive amounts of manpower and materiel to be diverted from the primary war efforts to both confront the threat and address the damage sustained It dealt telling blows to the Axis economic and industrial infrastructure forcing the decentralization of its war industries Finally it helped pave the way through destruction of enemy air defence assets oil resources and transportation networks for a successful invasion of Germany through northwest Europe The book is also a celebration of the aircrew experience and the essential resolve and fortitude that was demonstrated by these campaigners throughout the conflict in the face of frequently daunting perils and odds against survival Back cover *Canada's Three Korean Wars* Bob Orrick, 2015-03-06 Canada's Three Korean Wars is a capsule account of Canada's army navy air force and merchant marine

during the Korean War June 1950 to July 53 and beyond to cover the so called peacekeeping postwar period to September 1955 when the last unit of the RCN departed the theatre and returned to Canada Each of the three military forces and the merchant marine contributed greatly in stopping the spread of communism in the Far East and proving that capitalism in the form of democracy far exceeds the evil of communism The success of South Korea today 2015 is proof of that statement
