Peterson,2001 With All Your Mind makes a compelling case for the value of thinking deeply about education in America from a historically orthodox and broadly ecumenical Christian point of view Few people dispute that education in America is in a state of crisis But not many have posed workable solutions to this serious problem Michael Peterson contends that thinking philosophically about education is our only hope for meaningful progress In this refreshing book he invites all who are concerned about education in America to participate in his study which analyzes representative theories and practical strategies that reveal the power of Christian ideas in this vital area Peterson addresses the most fundamental questions facing educators and

society in general such as What is the purpose of education What goals do new techniques and methods serve What kind of person is our educational system supposed to produce He also explores questions of unique importance to Christians such as What is the relation between Christianity and the pursuit of intellectual excellence How can Christians bring their faith to bear on all areas of knowledge Can educated Christians significantly influence culture With *All Your Mind* examines the key assumptions and implications of influential classical and contemporary philosophies with respect to education including idealism naturalism Thomism experimentalism existentialism linguistic analysis and postmodernism Based on this analysis Peterson develops an unapologetically Christian philosophy of education in regard to curriculum design instilling ethics and values and the nature of teaching and learning Peterson further advances the merits of an ecumenical Christian philosophy of education by showing how it can be used to analyze key issues in educational theory such as the relation of general education to liberal learning the integration of faith and learning and the demand for professional and technical training From a practical standpoint Peterson's approach brings balance and common sense to issues such as the clash between public and private education the rise of multiculturalism the changing demographic and psychological profile of America's youth and the impact of computer and Internet technology With *All Your Mind* concludes with a stirring vision for education that is embedded in an all encompassing Christian view of life Using clear jargon free language Peterson teaches a good deal of basic philosophy while developing a powerful argument for the value of liberal arts education interacting with Christian faith at all levels of schooling

Putting It All Together Richard H. Bube, 1995 A thinking person can hardly avoid developing some kind of pattern within which to express a personal reaction to both scientific and theological inputs Bube works to clarify the identity of these possible patterns for relating science and the Christian faith to give examples and to provide a balanced critique of each Such an understanding of the issues involved is essential for mature Christians living in a world dominated by the concepts and artifacts of science
