McMinn, 2017-08-22 The church and science have drifted apart over the past century Today the church is often deemed irrelevant by those who trust science and science is often deemed irrelevant by those whose primary loyalties are to the church However this book shows that the new science of virtue the field of positive psychology can serve as a bridge point between science and the church and can help renew meaningful conversation In essence positive psychology examines how ordinary people can become happier and more fulfilled Mark McMinn clarifies how positive psychology can complement Christian faith and promote happiness and personal flourishing In addition he shows how the church can help strengthen positive psychology McMinn brings the church s experience and wisdom on six virtues humility forgiveness gratitude grace hope and wisdom into conversation with intriguing scientific findings from positive psychology Each chapter includes a section addressing Christian counselors who seek to promote happiness and fulfillment in others Stewarding Our Bodies Perry L. Glanzer, Austin T. Smith, 2023-06-05 Most college students struggle tremendously with their bodies Numerous issues related to the body plague higher education Students struggle with sleep mental health eating disorders sexual identity questions clothing choices obesity and alcohol problems

among other concerns Too often Christian colleges try to meet these challenges with rules instead of setting forth a vision of what it means to steward the body a precious gift from God that has been bought with a price by Christ Students faculty and staff at faith based institutions need a theological framework and biblical wisdom by which they can better understand nurture and celebrate life in all its fullness Stewarding Our Bodies draws from the expertise and experiences of researchers and practitioners both within and outside higher education to provide relevant insights and suggestions for those who desire to help students better bear God s image Most important of all it sets forth a positive vision by which to understand the precious gift God has entrusted to us our bodies
