

***To Kill a Mockingbird* by Harper Lee**

Introduction

This guide is written for teachers and students who are studying Harper Lee's novel *To Kill a Mockingbird*. The guide is written specifically for students in the UK, but I hope it may be helpful to users from other parts of the world. *To Kill a Mockingbird* is a set text for GCSE exams in English literature. It may also be studied for teacher-assessed coursework in English in Key Stages 3 and 4.

About the novel

To Kill a Mockingbird was first published in 1960. It won the prestigious Pulitzer Prize and was adapted for the cinema, winning Oscars (Academy Awards) for the script and for Gregory Peck (best actor in a leading role), who played Atticus.

Harper Lee was born in Monroeville, Alabama, which may be the model for the fictional Maycomb. She has not written any more novels but her neighbour Truman Capote, has become one of the most distinguished of modern prose writers in the USA. Some people believe that he is the original for Dill in *To Kill a Mockingbird*.

Studying the text

There are many ways in which one can write about a literary text, but among those most commonly encountered at Key Stages 3 and 4 would be to study character, theme and technique. These terms are explained below, and some pointers given as to how to study them in *To Kill a Mockingbird*.

Chapter-by-chapter questions

The questions below should help students and teachers find what is important in the novel, and could prove useful for revision. You can answer them on your own, but they are suitable for discussion work. Your answers to these questions (if you write them) could form a useful summary of the novel. A class of students could share this task, and paste the results together. If you do this, then try to be consistent in pronoun choices and verb tenses. Some teachers and examiners will use the past tense to refer to events in a work of fiction, but the convention for scholars and critics is to use the present tense.

Chapter 1

- What do you learn in this chapter about Maycomb, Atticus Finch and his family?
- What do you learn about Dill's character?
- What, briefly, has happened to Arthur 'Boo' Radley?
- Why does the Radley place fascinate Scout, Jem and Dill?
- What do you notice about the narrative voice and viewpoint in the novel?

Reading is dying in our schools. Educators are familiar with many of the factors that have contributed to the decline: poverty, second language issues, and the ever-expanding choices of electronic entertainment. In this provocative book, *Readicide: How Schools are Killing Reading and What You Can Do About It*, author and teacher Kelly Gallagher suggests it is time to recognize a new and significant contributor to the death of reading in our schools. *Readicide* Gallagher argues that American schools are actively, though unwittingly, furthering the decline of reading. Specifically, he contends that the standard instructional practices used in most schools are killing reading by valuing standardized testing over the development of lifelong readers, mandating breadth over depth in instruction, requiring students to read difficult texts without proper instructional support, and insisting students focus on academic texts. Ignoring the importance of developing recreational reading, losing sight of authentic instruction in the looming shadow of political pressures, *Readicide* provides teachers, literacy coaches, and administrators with specific steps to reverse the downward spiral in reading, steps that will

help prevent the loss of another generation of readers
