True And False Reform In The Church:

True and False Reform in the Church Yves Congar, 2010-12-01 Archbishop Angelo Roncalli later Pope John XXIII read True and False Reform during his years as papal nuncio in France and asked A reform of the church is such a thing really possible A decade later as pope he opened the Second Vatican Council by describing its goals in terms that reflected Congar's description of authentic reform reform that penetrates to the heart of doctrine as a message of salvation for the whole of humanity that retrieves the meaning of prophecy in a living church and that is deeply rooted in history rather than superficially related to the apostolic tradition Pope John called the council not to reform heresy or to denounce errors but to update the church's capacity to explain itself to the world and to revitalize ecclesial life in all its unique local manifestations Congar's masterpiece fills in the blanks of what we have been missing in our reception of the council and its call to true reform Yves Congar OP a French Dominican who died in 1995 was the most important ecclesiologist in modern times His writings and his active participation in Vatican II had an immense influence upon the council documents With a few other contemporaries Congar pioneered a new style of theological research and writing that linked the great tradition of Scripture and the Fathers to contemporary pastoral questions with lucidity and passion His key concerns were the unity of the church lay apostolic life and a revival of the church's theology of the Holy Spirit He was named a cardinal by Pope John Paul II in recognition of his profound contributions to the Second Vatican Council Paul Philibert OP has taught pastoral theology in the United States and abroad He is a Dominican friar of the Southern Province His translation of a collection of Congar's essays on the liturgy has recently been published by Liturgical Press under the title At the Heart of Christian Worship His book The Priesthood of the Faithful Key to a living Church Liturgical Press 2005 reflects the ecclesiology of Yves Congar and his Vision of the apostolic life of the faithful

True and False Reform in the Church Yves Congar, 2014 Archbishop Angelo Roncalli later Pope John XXIII read True and False Reform during his years as papal nuncio in France and asked A reform of the church is such a thing really possible A decade later as pope he opened the Second Vatican Council by describing its goals in terms that reflected Congar's description of authentic reform reform that penetrates to the heart of doctrine as a message of salvation for the whole of humanity that retrieves the meaning of prophecy in a living church and that is deeply rooted in history rather than superficially related to the apostolic tradition Pope John called the council not to reform heresy or to denounce errors but to update the church's capacity to explain itself to the world and to revitalize ecclesial life in all its unique local manifestations Congar's masterpiece fills in the blanks of what we have been missing in our reception of the council and its call to true reform

True and False Reform: What It Means to Be Catholic Gerhard Cardinal Müller, 2023-03-17 From her very beginning the Church has been entrusted with the universal commission to make disciples of all nations Matt 28 19 offering to the entire world the new life and communion with God that is made available in Christ through Baptism and the Christian confession of faith This charge requires of the Church and her members both an

orientation to God and a responsibility for the world neither can be neglected as they form an indissoluble relational unity that flows from the person of Christ the one mediator between God and men 1 Tim 2 5 Yet in the current age the Church appears forced to choose between God and the world between the identity of the faith and its relevance for modern humanity between fidelity to Revelation and innovation In True and False Reform Gerhard Cardinal M ller seeks to provide an aid for navigating the tensions confusions and divisions of this modern crisis directing our attention to the Church s essence characteristics life and mission not as one religion among others but as the site of Christ s saving presence with humanity It is Christ who is the Church s life and foundation and Christ too who is the source and end of that transformation according to his likeness to which all are called M ller shows that this universal call to renewal in Christ in faith life and prayer is the basis of the Church s catholicity the principal of all true reform and the impetus for Catholics journeying together with Christians from other churches and ecclesial communities toward perfect unity in Christ

Faithful to the Future Brother Emile of Taizé, 2013-11-21 Faithful to the Future examines the true nature of Christian Tradition and particularly how it implies a fidelity not only to the past but to the future as well tradition appears to be inseparable from creativity and reform Congar s sense of the future and his conviction that something very important is happening in history led him to re emphasize forgotten dimensions of Christian tradition especially those that value the human person When Congar reflected on Church authority and how it is best exercised he was not thinking about a power that curtails freedom Seeking to rediscover what is specific to Christianity he described authority as a reality that is at the service of growth where paying attention to the unknown and the unexpected is of the utmost importance Congar was one of the greatest artisans of Vatican II and his writings are characterized by the urgent call for the reforms made necessary by a changing world and by an understanding of catholicity a sense of the Church that is not sectarian but that lives and thinks according to the whole This volume explores the four themes that are prominent in Congar s writings namely tradition reform catholicity and authority The book does not assume a detailed knowledge of Congar s writings but addresses a difficulty that is frequently encountered in the present time no one better than Yves Congar has shown that the Church is not a system

An Introduction to Vatican II as an Ongoing Theological Event Matthew Levering, 2017 Contemporary scholars often refer to the event of Vatican II but what kind of an event was it In this first book of the new CUA Press series Sacra Doctrina Matthew Levering leads his readers to see the Council as a theological event a period of confirming and continuing God s self revelation in Christ into a new historical era for the Church This is an introduction to Vatican II with a detailed summary of each of its four central documents the dogmatic constitutions followed by explanations of how to interpret them In contrast to other introductions which pay little attention to the theological soil in which the documents of Vatican II germinated Levering offers a reading of each conciliar Constitution in light of a key theological author from the era Ren Latourelle SJ for Dei Verbum persons and propositions Louis Bouyer CO for Sacrosanctum Concilium active participation Yves Congar OP for Lumen Gentium true and

false reform and Henri de Lubac SJ for *Gaudium et Spes* nature and grace This theological event is ongoing Levering demonstrates by tracing in each chapter the theological debates that have stretched from the close of the council till the present and the difficulties the Church continues to encounter in encouraging an ever deeper participation in Jesus Christ on the part of all believers In this light the book's final chapter compares the historicist Massimo Faggioli and Christological Robert Imbelli interpretations of Vatican II arguing that historicism can undermine the Council's fundamental desire for a reform and renewal rooted in Christ The conclusion addresses the concerns about secularization and loss of faith raised after the Council by Henri de Lubac Joseph Ratzinger and Yves Congar arguing that contemporary Vatican II scholarship needs to take these concerns more seriously

Spiritan Life and Mission Since Vatican II William Cleary, 2018-02-01 The Second Vatican Council 1962-65 called for the renewal of all religious institutes in the Catholic Church The Congregation of the Holy Spirit Spiritans responded initially under the leadership of Archbishop Marcel Lefebvre Different interpretations of Vatican II caused divisions culminating in Lefebvre's departure from the congregation From this difficult starting point the Spiritans sought to redefine themselves in creative fidelity to their founding intention the spirit of Vatican II and the signs of the times *Spiritan Life and Mission since Vatican II* recounts this journey of renewal in three parts the Spiritan world before Vatican II and the election of Archbishop Lefebvre as superior general in 1962 the *ad experimentum* period culminating with a new rule of life in 1986 and the implementation of this new rule as interpreted through inter congregational discourse particularly the general chapters of 1992 1998 and 2004 The development of thinking on the church's mission and the congregation's rediscovery of the founding charisms of Claude Poullart des Places and Francis Libermann provide the parameters for this positive interpretation of the Spiritan journey of renewal Its evolution in the third millennium into a multicultural international missionary community of some three thousand members from over sixty countries in service of the *Missio Dei* bears testimony to this

Cruciform Ecumenism Elizabeth Smith Woodard, 2019-09-06 The truth claims of Christianity appear compromised by the division of Christ's followers into different denominations What keeps Christians separated retreating to their corners labeled Catholic Orthodox and various types of Protestant Elizabeth Smith Woodard accounts for Christian disunity in terms of ecclesiology episcopacy and apostolicity in brief Who are we Who is in charge And are we who we say we are Woodard argues that the controversial issues dividing Christians today stem from these questions of authority and identity What would it look like Woodard asks if Christians did not insist on making others more like us but instead worked toward all of us becoming more and more like Christ She answers that growing in such cruciformity should serve as the basis for unity Using recent unity achieving Anglican Lutheran discussions as a case study she examines the crucial intersection of ecclesiology episcopacy and apostolicity to argue that Christians' growth in Christ's mission necessarily entails growing in unity and cruciformity
