Truth Does It Matter An American Atheist Challenges Religious Beliefs:

Truth—Does It Matter? Diane Rogers, 2015-04-16 What I have against religion is that the Judaeo Christian mythology is not true The simplest yet most exalted attribute of our species is the acute persistent unquenchable craving TO KNOW Do you realize that to many men and women it makes a vast and a profound difference whether or not the things about them are as they appear H P Lovecraft Does truth matter For those who follow a religious path truth may be secondary to comfort But for many of us there can be no comfort in untruths In the authors experience and opinion religion is responsible for a great many sins In the name of religion the pursuit of knowledge has been hampered In the name of religion women have been vilified In the name of religion countless acts of barbarism have been committed Make no mistake such things are still alive and well in the twenty first century Through the exploration of some of Christianitys most enduring mysteries and questions Does It Matter encourages you to re examine your beliefs Did Moses write the Old Testament Was Jesus Christ the founder of Christianity Do angels ever appear as female or children Does the Bible say that the soul ascends to heaven or hell immediately after death Was Mother Teresa really a godly woman Has an actual miracle ever happened outside the Bible Whats more important faith or truth The answers may surprise you **Faith of Atheists vs Christians** David

Lewis, 2019-03-01 You fall and break your leg the kitchen catches fire neighbor Sam has a heart attack one of your family crashes the car now what belief helps you through the crisis What faith do you have as a cane or crutch to guide you Let us consider your faith possibilities such as friends or organizations or scientific concepts like gravity or evolution as the faith to sustain you A Christian friend shares his faith that Christ came back from death and his belief in a Creator and the miracle of a virgin birth But what as an atheist can guide and support you There are hundreds of thousands of atheists in the world so we all probably meet and talk with and write to many each day One purpose of this work is to better understand what faiths atheists have so as to get along better with one another especially with those having different beliefs We will look at some famous atheists and review what influenced them and what changed for some of them as they matured into adults from childhood We will make some comparisons between atheists and those calling themselves Christians **I Don't Have Enough Faith to Be an Atheist (Foreword by David Limbaugh)** Norman L. Geisler, Frank Turek, 2004-03-12 Geisler and Turek argue that Christianity requires the least faith of all worldviews because it is the most reasonable A valuable aid to those interested in examining the reasonableness of the Christian faith , **Between Faith and Unbelief: American**

Transcendentalists and the Challenge of Atheism Elisabeth Hurth, 2007-08-30 This book sets out to shed light on what is specific to American Transcendentalism by comparing it with the atheistic vision of German philosophers and theologians like Ludwig Feuerbach and Arthur Schopenhauer The study argues that atheism was part of the discursive and religious context from which Transcendentalism emerged Tendencies toward atheism were already inherent in Transcendentalist thought The atheist scenario came to the surface in the controversy about Emerson s new views Contemporary critics charged that the

deity Emerson worshipped was himself Emersonian Transcendentalism thus anticipated some of the central concerns in the works of German atheists like Feuerbach From idealism to atheism seemed but a short step

Freedom of Religion in America: Historical Roots, Philosophical Concepts, Contemporary Problems Henry B. In His Name E. Christopher Reyes, 2010-05 Many devout Christians will not like this book as I have discovered that they are neither interested nor concerned with anything which challenges their long taught beliefs I did not make history but merely write on its historical significance in the events of mankind For those truth seekers who are interested in the Why regarding religious beliefs this book offers a genesis of Christian beliefs Religion is a multi million dollar a year business and world wide that figure runs into the billions Is the true nature of faith focused on mankind or merely a financial endeavor Extraordinary care has been taken to present the good and the bad as well as the ugly side of religion

The Truth Seeker, 1928 *Rationality in Science, Religion, and Everyday Life* Mikael Stenmark, 2016-09-15 Mikael Stenmark examines four models of rationality and argues for a discussion of rationality that takes into account the function and aim of such human practices as science and religion

Atheist Awakening Richard P. Cimino, Christopher Smith, 2014 Atheist Awakening is a groundbreaking study of the growth and revitalization of the atheist movement in the U S Through in depth interviews and observation of atheist gatherings the authors find that much of this awakening has come about as atheists have engaged in new forms of activism and community building The book portrays a new atheism one that has revised strategies to wage a powerful defensive and offensive battle against their ideological and political antagonists

Walking the Tightrope of Faith, 2023-12-28 This book expands upon the dialogue between the atheist philosopher Kai Nielsen and the Christian philosopher Hendrik Hart in the book Search for Community in A Withering Tradition Collected here for the first time are the responses of several prominent Canadian philosophers to Nielsen s outspoken work in the philosophy of religion including their responses to Hart s criticisms of Nielsen New replies by Hart and Nielsen to these added voices are also included This volume is of interest for students in the philosophy of religion who wish to examine the encounter between

religious faith and secular humanism at the close of the twentieth century an increasingly postmodern time in which the appeal to an a historical standard of rationality is no longer sought or even thought possible This book tackles tough topics like the appropriate role of reason in the intellectual criticism and defense of faith the limits of the rational justification of human knowledge the role of pre reflective commitments in human intellectual life the nature of truth and the possibility for peace in a world consisting of a plural and often violent collection of cultural and religious groups *The Problem of Problems and Its Various Solutions* Clark Braden,1876 Truth Seeker ,1925 *The Reluctant Heretic* Rev. Lucifer VanDevender,2021-06-07 The Reluctant Heretic is a work of nonfiction It is not theoretical or speculative I do express opinions and evaluations based on my own research study and experience In those cases you should consider them opinions I believe to be factual I have taken very little poetic license whilst writing this book The Reluctant Heretic is a distillation of the wisdom and knowledge I ve gained over a lifetime It is applied spiritual philosophy It is what I use in my everyday life to be happier more successful and improve my relationship with others I believe you ll find the information in this book interesting and helpful Life is a Journey not a destination Enjoy the ride Love Lucifer A Search for Truth Ernest J. Honigmann,2016-08-03 The genesis of this book was in 1957 when the author was rejected from a loving courtship because he did not believe in the existence of God To quell the pain and to understand what had happened to him he researched the evidence as to why people believe that God exists The result was this book a predominance of evidence in favor of atheism Further the author found that truth should always be held provisionally not permanently pending discovery of new evidence and insights For example the author s atheism is provisional His search also brought a tough new world If God does not exist we need new concepts for the meaning of life the basis of morality and our unalienable Rights to Life Liberty and the pursuit of Happiness This book offers his solutions to those problems And one more thing The author s recommendation in his final chapter for a new way to search for religious truth forms the most exciting part of this book and possibly the most prophetic Now in 2016 50 years after it had been offered to the world and rejected by the publishers as a threat to their own interests our society has come of age And this book with its eye opening freshness still intact is finally yours to learn from and to enjoy

Is Reality Secular? Mary Poplin,2014-01-02 What is the nature of reality What does it mean to be human And how do we account for ethics and morality Mary Poplin examines naturalism humanism pantheism and Judeo Christian theism and explores the fundamental assumptions and limitations of each perspective The Rage Against the Light Peter Harris,2019-04-29 Christopher Hitchens was the most eloquent of the New Atheists With great rhetorical polish and an encyclopedic mind for historical facts and literary quotations he presents the case of anti theism very effectively Though now deceased Hitchens arguments continue to reverberate through his best selling books and online presence God asserts Hitchens would be if he existed the greatest of dictators Religion according to Hitchens is morally bankrupt and madly irrational The world is better off without them But is this true It is the purpose of this book to identify Hitchens worldview in

order to subject it to a critique that will powerfully expose its many flaws Rather than a dictator God will be shown to be a God of love Christianity too will be revealed as a faith that ought to resist tyranny provides the best foundation for intrinsic human value and is a rational belief system In so doing this book appeals to all who have been influenced or convinced by Hitchens arguments to reconsider their position and refuse to rage against the light **The Evangelicals You Don't Know** Tom Krattenmaker,2013-04-26 So you have a problem with evangelical Christians Which ones These are the provocative questions Tom Krattenmaker poses to his fellow progressives in The Evangelicals You Don t Know He challenges stereotypes about evangelical Christians and introduces readers to a movement of new evangelicals who are bringing forth a non partisan expression of evangelicalism and creating opportunities for alliances and partnerships to advance the common good Krattenmaker argues that cultural fault lines no longer divide the religious from the secular or the evangelicals from everyone else Rather the lines that matter now run between the fundamentalist culture warriors of both the left and right on one side and on the other the good doers of any faith or none who want to work together to solve our society s problems and introduce a new civility and decency to our shared national life Krattenmaker is one of the best informed non evangelicals writing about evangelicalism in American public life He offers interesting stories intriguing character sketches and incisive writing in his readable and engaging book Recounting the findings and insights gleaned from his many years of engagement with evangelical America he draws conclusions sure to surprise challenge and even inspire non evangelicals who had written off this controversial and influential faith movement The Evangelicals You Don t Know offers a refreshing alternative to narratives that pay attention only to aspects of evangelicalism that are most distasteful and threatening to secular progressives and liberal religionists providing instead a hopeful introduction to promising new currents rising among theologically conservative Christians *Inspirations of the Heart Volume 26* Ollie Fobbs,2016-06-27 Inspirations of the Heart is a series that has inspired me to live a life of fullness mainly because Doctors have told me several times that had just months to live Conception of Conspiracy is based on another book that i am writing it talks about the battles that we are fighting in this day and age and it speaks on the issues that are going on all around us Faith is the thing that has caused me to write in the manner in which I do Yes I get told off a lot about it but through the years I have learned to pay less and less attention to the wicked things that many have said about the way that I write Conception however is to take something on as belief this is harsh when the things we take on are lies so the lies are the conspiracies that are flowing around us like the air we breathe and if we are not careful the things that take us on are the things that have the ability to totally destroy us
