Truths Breathed Through Silver Joe R. Christopher, Jonathan Himes, Salwa Khoddam, 2009-03-26 Representing a decade of scholarly activity within the C S Lewis Inklings Society CSLIS this book challenges readers to examine the complex factors that shaped the theological perspectives cultural concerns and literary conventions in the works of the Oxford Inklings The mythopoeic fiction that Lewis Tolkien Williams and their associates enjoyed and composed put mortal humanity in contact with the immortal and the divine The selection of papers in this volume intended not only for experts but also for undergraduates and general readers includes keynote presentations by Joe R Christopher Rolland Hein Kerry Dearborn David Neuhouser and Thomas Howard that explore the Inklings legacy of moral mythopoeia as well as essays that analyze works like Screwtape Tom Shippey The Magician s Nephew Salwa Khoddam The Silmarillion Jason Fisher The Lord of the Rings David Oberhelman and The Dark Tower Jonathan B Himes The Inklings believed there was still power in the old myths and ultimately that there was still truth to fortify humanity in them Their friendship and their fiction provided these men a forum for entertaining speculative and sometimes unorthodox answers to the complex realities of sacred tradition **C. Inklings Jason Fisher, Mark Hall, Salwa Khoddam, 2015-09-18 This is a unique collection of two of the Inklings and their literary associates views on the negative impacts of technology in various areas of life and the resolution of these impacts through fellowship with others and faith in the Creator Some of these essays offer suggestions on how ensnarement by social media and surrender to modern technology can be countered by surrender to God Other essays also demonstrate how the significant literary craft of these authors can enchant readers and invite them into fairylands from which they return empowered and with a keener spiritual vision to tackle universal and present concerns **Sehnsucht: The C. S. Lewis**

The Possibility of Satan Alan McGill, 2021-05-04 Can we know that Satan exists as a particular disembodied spirit Current Catholic teaching insists that Satan exists as a person a fallen angel who has instigated the Fall of humanity continues to influence humans today and constitutes a singular nemesis to God How one might ask could human beings know such a thing with certainty In response this book seeks to rescue the mythical language in which the doctrine of Satan is rooted so that it is freed from the unreasonable expectation that it affirms the existence of a particular creature and can instead express theological truth that is of relevance to all free willed creatures In doing so it addresses thorny questions concerning the interpretation of Scripture the relationship between God and evil between doctrine and truth between the Church and modernity and between the condemnatory impulses apparent in Christian thought and the doctrine of an omnipresent God of infinite mercy The book detects in the doctrine of Satan the expression of fundamental truths concerning the Creator creature relationship truths that are too easily obfuscated in current formulations that invite either fundamentalism or incredulity
