and Caicos Islands are an independent archipelago The islands have become increasingly popular during the last decade Travelers come there to enjoy relaxing beach rest and world class diving Just like many islands of the Caribbean the Turks and Caicos are not very rich in architectural or historic landmarks but under the tender sun and in the beautiful setting of the island travelers are unlikely to be interested in visiting museums Instead visitors are recommended to explore miles long coral reefs swim with dolphins and see sunken ships The Turks and Caicos Islands are divided into two island groups that are divided by the Turks Passage Turks Islands consist of Grand Turk and Salt Cay Caicos Islands are bigger and consist of North Caicos Middle Caicos South Caicos Providenciales and other smaller uninhabited islands
