Henderson, 2014-05-07 The oral tradition has always played an important role in African American literature ranging from works such as Zora Neale Hurston's *Their Eyes Were Watching God* to Toni Morrison's *Beloved* These and countless other novels affirm the power of sonance and sound in the African American literary canon Considering the wide swath of work in this powerful lineage in addition to its shared heritage with performance Mae G Henderson deploys her trope of speaking in tongues to theorize the preeminence of voice and narration in black women's literary performance through her reconstruction of a fundamentally spiritual practice as a critical concept for reading black women's writing dialogically and intertextually The first half of the book is devoted to influential works of fiction as Henderson offers a series of spirited attentive readings of works by Zora Neale Hurston Alice Walker Sherley Anne Williams Toni Morrison Gayl Jones and Nella Larsen The second half shifts gears to consider the world of female African American performance most notably in the figures of Josephine Baker and the video dancer Drawing on the trope of dancing diaspora Henderson proposes a model of theorizing based on performing testimony and critical witnessing Throughout the book Henderson draws on a history of black women not only in the Pentecostal Holiness Church but also within the traditions of classical Christian African and black diasporic spirituality and performance Ultimately *Speaking in Tongues and Dancing Diaspora* provides a deeply felt reflection on race and gender and their effects within the discourses of speaker listener and audience performer ***Erotic Revolutionaries*** Shayne Lee, 2010-08-04 Why is

there no pro sex contingency in black feminist scholarship Why do so few African American scholars expound on issues celebrating female sexual pleasure Perhaps the answers to these questions reside within a discursive matrix of sexual repression commonly referred to as the politics of respectability and its rein on black sexual politics In *Erotic Revolutionaries Black Women Sexuality and Popular Culture* sociologist Shayne Lee steers black sexual politics toward a more sex positive trajectory Introducing feminist analysis to a conceptual m nage trois of scripting theory media representation and black sexual politics Lee considers the ways in which the feminist quest for social and sexual equality can delve into popular culture to see the production of subversive scripts for female sexuality and erotic agency Whereas most feminist scholarship underscores how sexual representations of black women in media are exploitative and problematic Lee portrays black female celebrities like Janet Jackson Beyonc Karrine Steffans Zane Tyra Banks Juanita Bynum Sheryl Underwood and many more as feminists of sorts who afford women access to cultural tools to renegotiate sexual identity and celebrate sexual agency and empowerment *Erotic Revolutionaries* navigates the uncharted spaces where social constructionism third wave feminism and black popular culture collide to locate a new site for sexuality studies that is theoretically innovative politically subversive and stylistically chic
