For the student of choral music and singing at any level who is searching for introductory material or basic information about the voice, this book is one way of filling the bill. *Choral Journal* *The Owner's Manual to the Singing*

Voice Rachael Kathleen Gates,2002 Abstract Unlike other instruments the voice cannot simply be lifted from its hard case examined and adjusted fixed cleaned and tuned up Nor can the vocal folds ever be put away for safekeeping It is but one component of a constantly functioning system affected around the clock by its internal as well as external environment making the guarantee of optimal performance impossible The vocal fold mechanism is not primarily a musical instrument Its many roles prevent it from ever being at rest From assisting in swallowing protecting the airway helping lift heavy objects to phonatory functions including sophisticated musical capabilities its instrumental potential falls subject to misuse wear and tear As opposed to other musicians singers cannot take their instrument out for repair and as a result are forced to rely on health care professionals and voice teachers for treatment and maintenance putting themselves and their livelihood at the physician's mercy It is crucial therefore that singers be able to communicate effectively in intelligent terms with medical professionals Singers must equip themselves with enough knowledge to clearly convey specific feelings and difficulties with their instrument Understanding of potential dangers and disorders familiarity with a variety of medical procedures and comprehension in various facets of diagnosis and treatments empowers singers to own first and foremost just like other musicians their instrument The Owner's Manual for the Singing Voice is a compilation of knowledge acquired over three years of clinical and surgical observations at The Ohio State University ExcelENT and The Ohio Surgery Center The Manual attempts to provide the tools mandatory for every singer's toolbox in a very user friendly technically correct and accessible way
