The Rat Patrol was the result of the US War Department's requirement for a light command reconnaissance car to meet the US Army's needs under the threat of a looming European war. After only a few weeks of development the Jeep would end up in all of the Allied armies of the world courtesy of Bantam Willys and Ford. Many of the Jeeps built during the war would go on to serve for over sixty years in various parts of the world in both military and civilian use. This book is a basic illustrated guide to building a WWII Jeep using restored, rebuilt, and modern reproduction parts for those who have never done it before just like the author. You'll find a clear step by step process used to build a truly historical vehicle. With supplemental books and websites noted in this volume and some basic auto mechanical knowledge on your part you should be able to have your own piece of Jeep history rolling in no time.
