

ADVANCED COMMUNICATION SERIES

COMMUNICATING ON TELEVISION

Assignment #1: STRAIGHT TALK

Objectives

- To effectively present an opinion or viewpoint in a short time.
- To simulate giving a presentation as part of a television broadcast.
- TIME: 3 minutes, plus or minus 30 seconds.

Note to the Evaluator:

For this project, the speaker was asked to prepare and present an editorial designed for an "on camera" television presentation. The editorial should clearly present the news event or current issue that it addresses, and present a reaction or stand to the event or issue. Although the presentation may be videotaped, your evaluation will be based on the live presentation. However, it is suggested you review the videotape later with the speaker and discuss how effective the presentation would have been had it actually been broadcast. It is suggested you read the entire project and the appendix before you hear the presentation.

Evaluation Guide

1. What was the news event or current issue on which the editorial was based?
2. What reaction did the speaker have toward the news event or issue? Was it clearly presented?
3. Did the speaker show sound logic and reasoning in explaining his / her viewpoint?
4. Were the words carefully chosen, short and clearly pronounced?
5. Did the speaker relate convincingly to the television camera?
6. Was the speaker's appearance appropriate? How did his or her appearance affect the editorial?
7. How effective do you feel the editorial would have been had it actually been broadcast?
