Rendall**

Voices From The Peninsula Eyewitness Accounts By Soldiers Of Wellingtons Army 1808 1814:

Voices from the Peninsula Ian Fletcher, 2016-03-30 The Peninsular War was one of the most successful campaigns ever fought by the British Army Between 1808 when British troops landed in Portugal and 1814 when Wellington's Army advanced into the south of France British soldiers were involved in countless battles and sieges against Napoleon's vaunted French veterans Drawing on rare letters diaries and memoirs Ian Fletcher presents a superb insight into the daily lives of British soldiers in this momentous period and evokes such key battles and sieges as Vimiero Talavera Badajoz Salamanca Vittoria and San Sebastian Ian Fletcher's skillful compilation of accounts placed in context by important background detail make this the story of the Peninsular War in the words of the men who marched fought and triumphed with Wellington Although there have been many accounts of soldiering in Wellington's army **Voices from the Peninsula** throws new light on the experience of Napoleonic warfare and brings to life what Wellington called the finest military machine in existence **The Military**

Memoir and Romantic Literary Culture, 1780-1835 Neil Ramsey, 2016-12-05 Examining the memoirs and autobiographies of British soldiers during the Romantic period Neil Ramsey explores the effect of these as cultural forms mediating warfare to the reading public during and immediately after the French Revolutionary and Napoleonic wars Forming a distinct and commercially successful genre that in turn inspired the military and nautical novels that flourished in the 1830s military memoirs profoundly shaped nineteenth century British culture's understanding of war as Romantic adventure establishing images of the nation's middle class soldier heroes that would be of enduring significance through the nineteenth and twentieth centuries As Ramsey shows the military memoir achieved widespread acclaim and commercial success among the reading public of the late Romantic era Ramsey assesses their influence in relation to Romantic culture's wider understanding of war writing autobiography and authorship and to the shifting relationships between the individual the soldier and the nation The memoirs Ramsey argues participated in a sentimental response to the period's wars by transforming earlier impersonal traditions of military memoirs into stories of the soldier's personal suffering While the focus on suffering established in part a lasting strand of anti war writing in memoirs by private soldiers such stories also helped to foster a sympathetic bond between the soldier and the civilian that played an important role in developing ideas of a national war and functioned as a central component in a national commemoration of war **The Very Thing** Jonathan

Crook, 2011-02-21 Drummer Richard Bentinck of the 23rd of Foot Royal Welch Fusiliers was a rarity he survived many sanguinary experiences and recorded his adventures His writings provide an evocative portrait of an ordinary soldier's perception of living with one of the most experienced Napoleonic infantry battalions He was discharged in 1823 for ill health but lived a full life dying in 1878 as an old man Jonathan Crook has meticulously researched his ancestor's life finding unpublished first hand accounts from Bentinck of desperate conflict across the globe from Copenhagen to Martinique throughout the Peninsular Campaign and culminating at the battle of Waterloo These accounts are drawn from interviews

that Bentinck conducted with a journalist just before his death The title of the book is taken from the Battle of Aldea de Ponte Wellington identified a tactical vulnerability and called for infantry to conduct an immediate manoeuvre On being informed that the 23rd of Foot was best disposed he smiled and said Ah the very thing demonstrative of his hard earned confidence

German Forces and the British Army M. Wishon, 2013-07-19 This book examines the partnerships between Britain's famed redcoats and the foreign corps that were a consistent and valuable part of Britain's military endeavors in the eighteenth century While most histories have portrayed these associations as fraught with discord a study of eyewitness accounts tells a different story

The British Cheer Paul Thompson, 2025-11-04 This is a bold painstakingly researched and wide ranging assessment of the British Cheer in the Napoleonic era Reference to the Cheer in accounts of the time is virtually ubiquitous and repeatedly the claim was made for cheering as an integral part of British offensive operations However more recent historians have tended to overlook this evidence Based upon a vast range of contemporary sources this book suggests that the Cheer wielded genuine power as a true weapon of war This book first surveys the history of acclamations in battle worldwide and British battle cries from all periods before addressing the question of what the British Cheer actually sounded like Issues of acoustics physics and the psychology of battlefield morale are considered along with commentaries from significant military scholars throughout history Examination of the Napoleonic era Cheer then reveals the practically invincible recipe of volley cheer charge that propelled the British Army to victory upon victory Comparison is drawn with French and other national patterns of vocalizing along with analysis of those occasions when the Cheer might be suppressed Finally the attitude of the Duke of Wellington towards cheering is reconsidered with surprising results This study encompasses a vast canvas of place and time in pursuit of the elusive yet galvanizing Cheer from the Mahratta wars in India through campaigns in Egypt the Mediterranean Flanders the Caribbean and South America as well as the war of 1812 The Peninsular and Waterloo campaigns feature prominently as the Cheer is heard thrillingly from Vimeiro to Talavera Salamanca to Vitoria Orthez to Toulouse and the shocking siege of Badajoz to the charge of the Scots Greys on the ridge of Mont Saint Jean Anyone interested in the wars of Revolutionary France and Napoleon the British army the career of the Duke of Wellington or indeed the wider questions of the psychological motivations of combat will find this book illuminating and thought provoking

Artillery of the Napoleonic Wars: Artillery in Siege, Fortress and Navy, 1792-1815 Kevin F. Kiley, 2020-01-24 Filled with statistical information on the guns ammunition and carriages used by the armies places the reader on the ground with the gunners The Napoleon Series Napoleon was an artilleryman before he was an emperor He understood the power and effectiveness of cannon and their ability to pulverize defenses reduce fortresses and destroy attacks In return the guns won Napoleon battles This impressive study chronicles the story of the guns and men during the twenty three years of almost continuous warfare from 1792 1815 from the battlefields of continental Europe to the almost primitive terrain of North America and of the seas lakes and rivers that connected them Detailed technical information is

accompanied by vivid descriptions which allow the reader to imagine what it must have been like to maneuver and man the guns in a variety of situations whether on the march or on the battlefield Based on years of research into regulations of the period eyewitness accounts of artillerymen and material culled from official reports the scope and depth of material will satisfy the serious researcher while the lively narrative will appeal to the casual reader Kiley's research is impeccable and deserves the highest praise Moreover he writes in so entertaining a manner that he informs and educates without effort For the enthusiastic student of the attack and defense of fortified places this is an essential book of reference Fortress Study Group

Once There Were Titans Kevin F. Kiley, 2007-04-15 The first serious investigation of Napoleon's generals Covers the well known to the relatively obscure Provides a fresh insight into the period This is a masterly study of generalship in Napoleon's Grande Armée Napoleon arguably had the greatest collection of military talent to ever serve one man working for him during the period 1800-15 The role of the Marshals of the Empire has been covered many times and due credit is also given to them here however for the first time Kevin Kiley also examines in depth the contribution of the generals who never made that rank Fifty two general officers are examined using the battles they fought to illustrate just how valuable they were From Marengo in 1800 to Ligny in 1815 both French victories and defeats are studied in meticulous detail each chapter covering a battle fought and the generals who commanded them Diverse source material has been consulted in the preparation of this volume including after action reports memoirs and correspondence from officers including Senarmont Eble Drouot Teste Marmont and Davout as well as from lesser known characters such as the artillerymen Boulart and Nol and the Polish cavalryman Niegolewski who led the final dash up the pass of Somosierra Furthermore those closest to Napoleon such as Fain and Marchand give their piece and provide invaluable information Taken individually this material paints a vivid picture of the Grande Armée and those who led it into fire Taken as a whole it provides an invaluable source and tells the story of the officers without whom Napoleon could never have achieved as much [The Journal of Military History](#), 2002

Soldiers, Citizens and Civilians Alan Forrest, Karen Hagemann, Jane Rendall, 2009-01-15 The Revolutionary and Napoleonic Wars have been described as the first total war which affected millions of people's lives and brought a whole continent into contact with armies and bloodshed But the extent to which the constant state of war that existed between 1792 and 1815 shaped everyday experience has been much less studied even although these wars conducted by mass armies and often mobilized by patriotism led to the circulation of millions of people throughout Europe and beyond The changing nature of warfare had far reaching consequences for civil society as well as for those directly engaged in fighting This volume of essays by international scholars examines the formative experiences of men and women soldiers citizens and civilians in the years 1792-1815 drawing particularly on their personal documents and social and cultural practices to offer a perspective on the wars which is at some distance from broader and more familiar historical narratives **The Encyclopedia of the French Revolutionary and Napoleonic Wars** Gregory Fremont-Barnes, 2006 This comprehensive three volume work on

the French Revolution and Napoleon's rule and campaigns covers a wide range of military political social and cultural events and personalities during a time of dramatic change in Europe In three extraordinarily rich volumes The Encyclopedia of the French Revolutionary and Napoleonic Wars captures the full sweep and legacy of the transformation of Europe from 1792 to 1815 Its nearly 900 alphabetically organized fully cross referenced entries provide students and general readers with vivid biographies of politicians sovereigns and commanders accounts of battles weaponry and diplomatic affairs insights into the art music and culture of the times and much more Unlike other works on the subject this encyclopedia combines coverage of Napoleon's rule with that of the crucial Revolutionary years in France that set the stage for his rise to power It includes contributions from the most wide ranging group of international experts ever assembled for a work on this era Students will see the full continent wide impact of France's evolution from aristocracy to democracy to military autocracy and explore the effects of nationalism empire building industrialization and international conflict which resonate with more relevance today than ever **American Book Publishing Record**, 2002 **The British National Bibliography** Arthur James Wells, 2001

Memorias de un estudiante inglés en la Guerra de la Independencia Robert Brindle, Pilar Garcés García, Luis Álvarez Castro, 2011 DISABELIA COLECCIÓN DE TRADUCCIONES IGNOTAS 18 *Bibliografía de la Guerra de la Independencia* Spain. Ministerio de Defensa. Subdirección General de Documentación y Publicaciones, 2008 *Von Cádiz nach London* Christiana Brennecke, 2010 English summary The history of Spanish Liberalism written as part of European history A study of Liberal Spain and Liberals in exile 1820 1833 in Spanish English perspective German text German description Die Internationalen Brigaden die im Spanischen Bürgerkrieg gegen das von Hitler und Mussolini unterstützte Franco Spanien kämpften gelten bis heute als Vorkämpfer für Freiheit und Demokratie in Spanien und über die spanischen Grenzen hinaus Dass sich bereits mehr als hundert Jahre zuvor ausländische Freiwillige dazu berufen fühlten auf spanischem Boden für ein freiheitliches Regime zu kämpfen gehört dagegen zu den vergessenen Episoden der europäischen Geschichte
