Tussen Aanpassing En Kritiek De Derde Methodenstrijd In De Duitse Sociologie:

Dialectic of Enlightenment Jacob Klapwijk, 2010-08-09 Dialectic of Enlightenment is a thought provoking introduction to the Frankfurt School of Critical Theory Max Horkheimer and Theodor Adorno first identified the dialectic of enlightenment when fascism was on the rampage in Europe They warned that enlightened reason and societal freedom threaten to revert into blindness and oppression Herbert Marcuse and the young Jurgen Habermas elaborated their Critical Theory declaring that post war society has not escaped this dilemma blinded as it is by ideology pseudo democracy and mass manipulation Critical Theory aims to unmask modern reason and liberate society But a fundamental question keeps coming back how can this critique of modernity remain viable within a repressive societal system Is reason in the modern world indeed doomed to self destruct Does rationality inevitably lead to domination and oppression Jacob Klapwijk argues that the dialectic of enlightenment proves to be a faith a mythical faith encouraging resignation and despair Instead we need a wholesome reason one inspired by a messianic faith Dialectic of Enlightenment is an important book for students of philosophy theology and the social sciences It invites them to a renewed criticism of the mythological traits and self destructive tendencies of modern reason It also offers a perspective of hope to all who share the author's concern about the direction of today's globalizing world **Tussen aanpassing en kritiek** B.
