Twenty Small Sailboats To Take You Anywhere:

Twenty Small Sailboats to Take You Anywhere John Vigor, 1999-08 John Vigor turns the spotlight on twenty seaworthy sailboats that are at home on the ocean in all weather. These are old fiberglass boats mostly of traditional design and strong construction. All are small from 20 feet to 32 feet overall but all have crossed oceans and all are cheap. Choosing the right boat to take you across an ocean or around the world can be confusing and exasperating, particularly with a tight budget. Vigor sets out to remedy that in this book. He compares the designs and handling characteristics of 20 different boats whose secondhand market prices start at about 3,000. Interviews with experienced owners featuring valuable tips about handling each boat in heavy weather are interspersed with line drawings of hulls, sail plans, and accommodations. Vigor has unearthed the known weaknesses of each boat and explains how to deal with them. He rates their comparative seaworthiness, their speed, and the number of people they can carry in comfort. If you have ever dreamed the dream, this book can help you turn it into reality.

Twenty Affordable Sailboats to Take You Anywhere Gregg Nestor, 2006-11-15 In *Twenty Affordable Sailboats to Take You Anywhere* you will find in-depth reviews of twenty affordable, comfortable, and seaworthy sailboats. These boats range in size from 30-38 feet, an ideal size for the cruising couple yet big enough to accommodate an occasional cruising hitchhiker or two. All of these boats were once prominent offerings designed by some of the world's leading naval architects and produced by reputable manufacturers. These boats are still readily available in the used boat market. Gregg has done a fine research job here, one pleasingly devoid of flim-flam. It's a truly helpful tool for those of you wading with trepidation into the murky waters of boat buying.

John Vigor, Author *Twenty Small Sailboats to Take You Anywhere*. This book is a must for the boat shopper looking for an experienced vessel.

Bob Bitchin, Founder/Editor *Latitudes and Attitudes: Self Sufficient Sailor 3rd edition* Lin Pardey, Larry Pardey, 2019-11-01 This book is just what the title says. It is the distillation of what the Lin and Larry learned during more than 47 years of sailing together, years during which they covered more than 210,000 miles on board their two cutters, *Seraffyn* and *Taleisin*, and on scores of other boats they have delivered or raced. Lin and Larry tell how they have sailed in comfort and safety without large cash outlay on a pay-as-you-go plan and by simplifying. The first two editions of this invaluable text have seen more than 60,000 copies reach people who dream of setting sail, be it for a weekend voyage across to an offshore island or for a world circumnavigation. Lin continues voyaging now; she is well into her seventh decade of life. Armed with what she is learning as she explores the islands and far corners of the Tasman Sea, she has updated and revised the information found in the original edition plus added several new chapters. Amidst the new material is an extensive look at the lessons learned as Lin and Larry safely negotiated the stormy waters around Cape Horn and beyond. This book could help you cut the ties that bind you to shore.
