Universes Wendy G. Pearson, Veronica Hollinger, Joan Gordon, 2008 Contestations over the meaning and practice of sexuality have become increasingly central to cultural self definition and critical debates over issues of identity citizenship and the definition of humanity itself In an era when a religious authority can declare lesbians antihuman while some nations legalise same sex marriage and are becoming increasingly tolerant of a variety of non normative sexualities it is hardly surprising that science fiction in turn takes up the task of imagining a diverse range of queer and not so queer futures The essays in *Queer Universes* investigate both contemporary and historical practices of representing sexualities and genders in science fiction literature *Queer Universes* opens with Wendy Pearson s award winning essay on reading sf queerly and goes on to include discussions about sextrapolation in New Wave science fiction stray penetration in William Gibson s cyberpunk fiction the queering of nature in ecofeminist science fiction and the radical challenges posed to conventional science fiction in the work of important writers such as Samuel R Delany Ursula K Le Guin and Joanna Russ In addition *Queer Universes* offers an interview with Nalo Hopkinson and a conversation about queer lives and queer fictions by authors Nicola Griffith and Kelley Eskridge *The Soldier's Story of His Captivity at Andersonville, Belle Isle, and Other Rebel Prisons* Warren Lee Goss, 1871
