Trouble Is My Business:

Trouble is My Business Raymond Chandler, 2022-08-16 In *Trouble is My Business* Raymond Chandler crafts a masterful mosaic of short stories that encapsulates the quintessential elements of hardboiled detective fiction. With a gritty atmospheric style, Chandler's prose immerses the reader in a Los Angeles teeming with deception, moral ambiguity, and shifty characters. Each narrative unfolds with intricate plotting and sharp dialogue, reflecting the post-war disillusionment that permeated American society. The stories exemplify Chandler's pioneering contributions to the detective genre, illustrating the complexities of human nature against a backdrop of crime and intrigue. Raymond Chandler, a pivotal figure in American literature, drew on his own experiences as a private detective to create compelling narratives that resonate with authenticity. Chandler's personal struggles and his sharp observations regarding societal decay undoubtedly influenced the creation of this collection, solidifying his reputation as a profound commentator on the human condition. *Trouble is My Business* is an essential read for aficionados of detective noir and those eager to delve deeper into the psyche of 20th-century America. With Chandler's signature blend of cynicism and insight, this collection not only entertains but also provokes reflection on the complexities of justice and morality in a fragmented world.

Translating Humour Jeroen Vandaele, 2016-04-08 It is all too often assumed that humour is the very effect of a text But humour is not a perlocutionary effect in its own right nor is laughter The humour of a text may be as general a characteristic as a serious text's seriousness Like serious texts humorous texts have many different purposes and effects They can be subdivided into specific subgenres with their own perlocutionary effects their own types of laughter or even other reactions Translation scholars need to be able to distinguish between various kinds of humour or humorous effect when comparing source and target texts especially since the notion of effect pops up so frequently in the evaluation of humorous texts and their translations In this special issue of *The Translator* an attempt is made to delineate types of humorous effect through careful linguistic and cultural analyses of specific examples and or the introduction of new analytical tools For a translator who is both a receiver of the source text and sender of the target text such analyses and tools may prove useful in grasping and pinning down the perlocutionary effect of a source text and devising strategies for producing comparable effects in the target text For a translation scholar who is a receiver of both source and target texts the contributions in this issue will hopefully provide an analytical framework for the comparison of source and target perlocutionary effects
