Rich and Strange Marianne DeKoven,1991-10-27 Like the products of the sea change described in Ariel s song in The Tempest modernist writing is rich and strange Its greatness lies in its density and its dislocations which have until now been viewed as a repudiation of and an alternative to the cultural implications of turn of the century political radicalism Marianne DeKoven argues powerfully to the contrary maintaining that modernist form evolved precisely as a means of representing the terrifying appeal of movements such as socialism and feminism Organized around pairs and groups of female and male signed texts the book reveals the gender inflected ambivalence of modernist writers Male modernists desiring utter change nevertheless feared the loss of hegemony it might entail while female modernists feared punishment for desiring such change With water imagery as a focus throughout DeKoven provides extensive new readings of canonical modernist texts and of works in the feminist and African American canons not previously considered modernist Building on insights of Luce Irigaray Klaus Theweleit and Jacques Derrida she finds in modernism a paradigm of unresolved contradiction that enacts in the realm of form an alternative to patriarchal gender relations *Munsey's Weekly* ,1926 *Best Short Stories* Martha Foley,Edward Joseph O'Brien,1927 Includes the Yearbook of the American short story 1978 1980 *The Essential Tagore* Rabindranath Tagore,2011-04-15 India s Rabindranath Tagore was the first Asian Nobel Laureate and possibly the most prolific and diverse serious writer ever known The largest single volume of his work available in English this collection includes poetry songs autobiographical works letters travel writings prose novels short stories humorous pieces and plays
