Critical Thinking Junkie Howie Junkie, 2017-05-01 From the Desk of the *How To Junkie* for the *Critical Thinking Junkie* Howdy friend who wants to develop critical thinking In the old days where famous Greek philosophers like Socrates Plato and Aristotle would congregate in the public square Agora of Athens people from all over would gather around to listen attentively to their enlightening thoughts Why would people put their fate and trust in the credibility of these great orators words That's because they all had exceptional critical thinking abilities to be able to decipher fact from fiction to understand true from false and derive at insightful conclusions But wait Why should I care I have zero interest in being a philosopher you say Well think about it for a second Critical thinking is a skill you can use and have to improve your day to day function and productivity by allowing you to think sharply and clearly to easily solve problems and
