Transforming Leadership Norma Cook Everist, Craig L. Nesson, 2008-01 A comprehensive practical paradigm for nurturing congregational leadership Tested in ten years of teaching ministry congregational research Includes specific exercises for self assessment and implementation **The Integrity of the Body of Christ** Arden Mahlberg, Craig L. Nesson, 2016-05-23 For religious communities to have integrity and credibility they must flourish as places of love and respect Every aspect of church life is defined and protected by essential boundaries boundaries around space time thought speech will emotion and behavior both for clergy and church members Lack of awareness and attention to boundary keeping diminishes the integrity of the church and harms its mission whereas insight and vigilance about best practices lend freedom and energy to the calling of the church to care for others and to reach out to the world In a flourishing Christian community a wide array of boundaries must be recognized celebrated and navigated from the boundaries that define and protect us as individual persons to role boundaries and the boundaries that define essential communal functions such as worship This book is no conventional account of boundaries It takes a comprehensive approach to the challenge of understanding and creating healthy boundaries It applies the lessons from the emerging field of behavioral ethics to the rich and rewarding complexity of boundaries in church life helping us to be more loving and responsible in how we think speak and act so that the church can be true to its identity and mission **Christianity and Education** David Emmanuel Singh, Bernard C. Farr, 2011-10-14 Christianity and Education is a collection of papers published in Transformation An International Journal of Holistic Mission Studies over a period of 15 years It brings to life some of the papers that lay buried in shelves and in disparate volumes of Transformation under a single volume for theological libraries students and teachers The articles here represent a spectrum of Christian thinking addressing issues of institutional development for theological education theological studies in the context of global mission contextually aware informed education and academies which deliver such education methodologies and personal reflections **Church Actually** Gerard Kelly, 2013-06-02 Church Actually is the theme of Spring Harvest 2012 Church attendance in the west has declined in recent years but decline has been accompanied by growth in spiritual exploration a desire for spirituality faith even Jesus all without the church Experience history and the New Testament suggest this desire is ill founded It is through the church the Bible suggests that the Kingdom comes How can we find a wider vision of the Kingdom and the church s role Kelly explores four of the brilliant ideas inherent in God s design of the church God works through his people and the church trains and equips the church is Spirit driven and spiritual formation is central to God s mission the church s task force transforms the world through acts of love and service the church is the rainbow clothed Bride of Christ one global family a reconciling model for the world **Churches That Make a Difference** Ronald J. Sider, Philip N. Olson, Heidi Rolland Unruh, 2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities Many have adopted a narrow vision focusing on

only one aspect of ministry But in today's environment of faith based opportunities many Christians are eager to start reaching out to their world with both Good News and good works and therefore they are searching for appropriate ways to integrate both into their ministry In *Churches That Make a Difference* best selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry a balance of evangelism and social outreach Illustrations and helpful organizational tips detail the how to's of an effective holistic ministry Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications User friendly tools are included as well for congregational studies surveys evaluations and community assessments The authors draw on extensive experience with church ministries and faith based organizations as they share the life changing vision and biblical mandate for living the whole gospel Church leaders will be encouraged in their process of developing and maintaining a holistic ministry and local churches will rediscover a passion for loving the whole person the way Jesus did
