Matthew Evans

Transitional Justice Culture And Society Beyond Outreach Advancing Transitional Justice:

Transitional Justice, Culture, and Society Clara Ramirez-Barat, 2014 Transitional justice processes have a fundamental public dimension their impact depends in part on the social support they receive Beyond outreach programs other initiatives such as media and cultural interventions can strengthen or in some cases undermine the public resonance of transitional justice How can media and art be used to engage society in discussions around accountability How do media influence social perceptions and attitudes toward the legacy of the past To what extent is social engagement in the public sphere necessary to advance the political transformation that transitional justice measures hope to promote Examining the roles that culture and society play in transitional justice contexts this volume focuses on the ways in which communicative practices can raise public awareness of and reflection upon the legacies of mass abuse Publisher's description *The Transition will be Televised* Franziska Englert, 2022-09-29 Dieses Werk untersucht die Spuren die der Friedensprozess mit der Guerrilla FARC EP in der kolumbianischen Fernsehfiktion hinterlassen hat Dazu ergründet es das Phänomen kolumbianischer Versöhnungstelenovelas welche untrennbar mit dem nationalen Transitional Justice Prozess verknüpft sind Gestützt auf Analysen der Telenovelas und Expertinnen Interviews wird das Versöhnungspotential der Telenovelas beleuchtet und werden Chancen und Risiken ausgelotet die aus der Nutzung von massenmediierten Formaten der Popkultur in Friedensprozessen erwachsen Die Telenovelas die vorschnell als seichte Unterhaltung abgetan werden könnten stellen sich als integraler Bestandteil des kolumbianischen Transitional Justice Strategie heraus Cultural Rights and Wrongs in Transitional Justice Colin Luoma, 2025-09-09 Cultural Rights and Wrongs in Transitional Justice provides the first in depth analysis of culture and cultural rights in the field of transitional justice It takes stock of the role of cultural rights with respect to the field's historical marginalization of culture Cultural rights remain a significant blind spot in the relevant research one that has yet to be consistently incorporated into transitional justice practice or considered in academic theory This book traces the marginalization of cultural rights to how the transitional justice field originated and evolved Certain biases assumptions and preoccupations were cemented in a dominant model of justice in times of transition especially as it relates to the concepts of transition justice and violence Conventional notions have greatly restricted transitional justice from respecting cultural rights and addressing their violations Cultural Rights and Wrongs in Transitional Justice challenges the dogmatic approaches inherent in the dominant model and retheorizes these core concepts in ways that enable and encourage a more robust engagement with cultural rights without sacrificing the raison d'être of the transitional justice project It argues that transitional justice unmoored from its initial conceptual boundaries has the flexibility to respect and address large scale cultural rights violations and accommodate local and Indigenous cultures This flexibility allows the field to account for underlying cultural violence and empower cultural interventions in the wake of mass harm This has the potential to strengthen the normative value of cultural rights address root causes of violent conflict respond to survivor priorities and

shape more meaningful long term reforms Routledge Handbook of Development Ethics Jay Drydyk, Lori Keleher, 2018-07-16 The Routledge Handbook of Development Ethics provides readers with insight into the central questions of development ethics the main approaches to answering them and areas for future research Over the past seventy years it has been argued and increasingly accepted that worthwhile development cannot be reduced to economic growth Rather a number of other goals must be realised Enhancement of people s well being Equitable sharing in benefits of development Empowerment to participate freely in development Environmental sustainability Promotion of human rights Promotion of cultural freedom consistent with human rights Responsible conduct including integrity over corruption Agreement that these are essential goals has also been accompanied by disagreements about how to conceptualize or apply them in different cases or contexts Using these seven goals as an organizing principle this handbook presents different approaches to achieving each one drawing on academic literature policy documents and practitioner experience This international and multi disciplinary handbook will be of great interest to development policy makers and program workers students and scholars in development studies public policy international studies applied ethics and other related disciplines Peace and the politics of memory Johanna Mannergren, Annika Björkdahl, Susanne Buckley-Zistel, Stefanie Kappler, Timothy Williams, 2024-07-09 This important book provides new understandings of how the politics of memory impacts peace in societies transitioning from a violent past It does so by developing a theoretical approach focusing on the intersection of sites agency narratives and events in memory making Drawing on rich empirical studies of mnemonic formations in Cyprus Bosnia and Herzegovina Rwanda South Africa and Cambodia the book speaks to a broad audience The in depth cross case analysis shows that inclusivity pluralism and dignity in memory politics are key to the construction of a just peace The book contributes crucial and timely knowledge about societies that grapple with the painful legacies of the past and advances the study of memory and peace An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence *Contested Justice* Christian De Vos, Sara Kendall, Carsten Stahn, 2015-12-18 The International Criminal Court emerged in the early twenty first century as an ambitious and permanent institution with a mandate to address mass atrocity crimes such as genocide and crimes against humanity Although designed to exercise jurisdiction only in instances where states do not pursue these crimes themselves and are unwilling or unable to do so the Court s interventions particularly in African states have raised questions about the social value of its work and its political dimensions and effects Bringing together scholars and practitioners who specialise on the ICC this collection offers a diverse account of its interventions from investigations to trials and from the Court s Hague based centre to the networks of actors who sustain its activities Exploring connections with transitional justice and international relations and drawing upon critical insights from the interpretive social sciences it offers a novel perspective on the ICC s work This title is also available as Open Access **The Arts of Transitional Justice** Peter D. Rush, Olivera Simić, 2013-09-25 The Art of Transitional Justice examines the relationship between transitional justice and the practices of

art associated with it Art which includes theater literature photography and film has been integral to the understanding of the issues faced in situations of transitional justice as well as other issues arising out of conflict and mass atrocity The chapters in this volume take up this understanding and its demands of transitional justice in situations in several countries Afghanistan Serbia Srebrenica Rwanda Northern Ireland Cambodia as well as the experiences of resulting diasporic communities In doing so it brings to bear the insights from scholars civil society groups and art practitioners as well as interdisciplinary collaborations

The Era of Transitional Justice Paul Gready, 2010-10-18 The Era of Transitional Justice explores a broad set of issues raised by political transition and transitional justice through the prism of the South African TRC South Africa constitutes a powerful case study of the enduring structural legacies of a troubled past and of both the potential and limitations of transitional justice and human rights as agents of transformation in the contemporary era South Africa's story has wider relevance because it helped to launch constitutional human rights and transitional justice as global discourses as such its own legacy is to some extent writ large in post authoritarian and post conflict contexts across the world Based on a decade of research and in an analysis that is both comparative and interdisciplinary Paul Gready maintains that transitional justice needs to do more to address structural violence and in particular poverty inequality and social and criminal violence as these have emerged as stubborn legacies from an oppressive or war torn past in many parts of the world Organised around four central themes new keyword conceptualisation truth justice reconciliation re imagining human rights engaging with the past and present remaking the public sphere it is an argument that will be of considerable relevance to those interested in the law and politics of transitional societies

Transitional Justice in the Twenty-First Century Naomi Roht-Arriaza, Javier Mariezcurrena, 2006-09-14 Dealing with the aftermath of civil conflict or the fall of a repressive government continues to trouble countries throughout the world Whereas much of the 1990s was occupied with debates concerning the relative merits of criminal prosecutions and truth commissions by the end of the decade a consensus emerged that this either or approach was inappropriate and unnecessary A second generation of transitional justice experiences have stressed both truth and justice and recognize that a single method may inadequately serve societies rebuilding after conflict or dictatorship Based on studies in ten countries this book analyzes how some combine multiple institutions others experiment with community level initiatives that draw on traditional law and culture whilst others combine internal actions with transnational or international ones The authors argue that transitional justice efforts must also consider the challenges to legitimacy and local ownership emerging after external military intervention or occupation

Beyond Transitional Justice Matthew Evans, 2022-04-06 Beyond Transitional Justice reflects upon the state of the field or non field of transitional justice in the current conjuncture as well as identifying new possibilities and challenges in the fields with which transitional justice overlaps such as human rights peacebuilding and development Chapters intervene at the cutting edge of contemporary transitional justice research addressing key theoretical and empirical questions and covering critical

international interdisciplinary theoretical and practice oriented content In particular the notion of transformative justice is discussed in light of the emerging scholarship defining and applying this concept as either an approach within or an alternative to transitional justice The book considers the extent to which transformative justice as a concept adds value to scholarship on transitional justice and related areas and asks what the future might hold for this area as a field or non field A timely intervention Beyond Transitional Justice is ideal reading for scholars and students in the fields of human rights peace and conflict studies international law critical legal theory development studies criminology and victimology

Thank you enormously much for downloading **Transitional Justice Culture And Society Beyond Outreach Advancing Transitional Justice**. Maybe you have knowledge that, people have seen numerous periods for their favorite books later than this Transitional Justice Culture And Society Beyond Outreach Advancing Transitional Justice, but end stirring in harmful downloads.

Rather than enjoying a good book subsequent to a cup of coffee in the afternoon, otherwise they juggled next some harmful virus inside their computer. **Transitional Justice Culture And Society Beyond Outreach Advancing Transitional Justice** is understandable in our digital library an online right of entry to it is set as public appropriately you can download it instantly.
